Grand Jury Finds No Fraud Against Rhodes

DiSalle Immediately Fires Questions at His Republican Foe

COLUMBUS, Ohio (AP) — The Franklin County grand jury says it is convinced there are no fraudulent operations in the state auditor's office, but Gov. Michael V. DiSalle says he is not.

The Democrat governor seeking re-election fired four questions at his Republican opponent, James A. Rhodes, the state auditor, Sunday in the wake of the grand jury's 132 decision that there was no evidence of fraud in the controversial adding machine case.

Last week, DiSalle touched off the investigation by charging fraud in what he claimed was the rental to political subdivisions of state-owned adding machines which examiners used in auditing their books.

The governor said Sunday he would have people at the auditor's office today to complete his examination of records.

"If all the records are not present then," DiSalle said, "we may have to proceed under the law. Records of 1957 and 1958 are still missing from the office, which Mr. Rhodes has said were not lost, but misplaced."

He added his investigation will not end with Tuesday's election. Then came the governor's questions:

"Why did he (Rhodes) obstruct and harass the effort to examine his records as provided by law?"
"Why did the press agent for the Republican Committee of Cuyahoga County alert City Club (Continued on Page 12)"

Catholic Mass Changes Get Council Study

VATICAN CITY (AP)—Proposals for the most extensive changes in the Roman Catholic Mass in 200 years were made public today.

The suggested revisions were placed before the Vatican Ecumenical Council, which resumed its work after a four-day recess.

Ever since the council took up the topic of liturgy, or public worship, two weeks ago, it appeared clear that the 2,400 council fathers were determined to give the Mass more dramatic impact.

A council communiqué today outlined some of the proposals being discussed by the assembled cardinals, archbishops, and bishops. Among them:

—Fewer prayers at the foot at the altar as Mass begins.

—Participation of the congregation in the offertory prayers now said only by the priest.

—Insertion of a prayer to St. Joseph, as well as to Mary, in one part of the Mass.

—Reading from the pulpit of the Prayers and Lessons which precede the Gospel.

—Ending the Mass with a blessing and the Latin words "Ite Missa est" (go, the Mass is finished). The blessing now comes near the end of the Mass, before a final reading from the Gospel.

OU Prof Enters Innocent Plea

ATHENS, Ohio (AP)—Former Ohio University professor Gene I. Stees, 31, pleaded innocent today when arraigned in Athens County Common Pleas Court on a first-degree murder charge.

Steas was indicted by a special grand jury last week. The body of his wife Helen, encased in an oil drum, was recovered from nearby Dow Lake Oct. 25.

No trial date has been set. Attorney J. B. Yanity Jr. of Athens was named today to defend Stees, and the court allowed him a week to confer with Stees and familiarize himself with the case.

U.S. Surveillance Continuance Seen

WASHINGTON (AP)—President Kennedy feels U.S. surveillance of Cuba will have to be continued in some form long after the current missile crisis is settled, government sources report.

In offering this view of the President's thinking to newsmen Sunday, the sources did not specify how the watch would be kept. The object they said, would be to guard against any future introduction of Soviet missiles into Cuba.

Aerial photographs of the island last month gave the first hard evidence that the Soviet Union was mounting an offensive missile threat in Cuba, the White House has said. It was from aerial photos taken last Thursday that a taken in the conclusion of Soviet Premier Khrushchev had begun to make good on his pledge to tear down the missile bases.

The Navy, in maintaining an arms blockade of Cuba, has also been filling a surveillance role.

Removal of the missiles and other Soviet offensive arms from Cuba remains a thorny problem. By the terms of the Kennedy-

Khrushchev agreement, the United Nations would supervise the verification that Soviet missiles have been withdrawn from the island.

The government sources who discussed Kennedy's position emphasized that he is determined to verify the removal of the weapons by international inspection teams—and that nothing less will be satisfactory.

While the United States and the Soviet Union are reported prepared to have the International Red Cross fill the inspection role originally proposed for the United Nations, Cuban Prime Minister Fidel Castro has the power to bar international inspectors from his territory.

Soviet First Deputy Premier Anastas I. Mikoyan conferred with Castro in Havana over the weekend—presumably in an effort to prod the Cuban leader into accepting at least the fundamentals of an international inspection system.

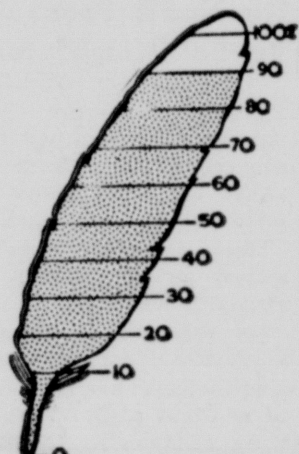

Mikoyan and Castro met twice Sunday at the government palace. No communications were issued and Cuban officials gave no hint of the nature of the talks. Mikoyan remained in Havana despite the death of his wife in Moscow Saturday night.

The administration's continuing stress on the necessity of international inspection is being viewed in some quarters as a means of keeping pressure on Castro.

As far as it can be ascertained, the United States has set no deadline on compliance from either Moscow or Havana. Nonetheless, Kennedy was understood to feel the United States cannot wait indefinitely.

Fund Moving Toward Goal

Present Tally Shows 90 Per Cent of Total

Pickaway County's Community Fund drive has inched up to 90 per cent of its goal.

This means that more than \$31,000 has been collected since the campaign opened. The 1962 goal is \$34,744.

The Pickaway County drive reached the 85 per cent mark on Oct. 16. The figure stood at 60 per cent on Oct. 4.

Earl Palm, campaign chairman, said collections have been moving along at an anticipated pace. He said indications are that final tabulations will push the drive over the top.

The funds collected will be earmarked for distribution to the six agencies benefited by the community effort. They are the Red Cross, the Salvation Army, Boy Scouts, Girl Scouts, the Well-Child Clinic and the Youth Canteen.

Soviet Ousts Another U.S. Embassy Aide

MOSCOW (AP)—For the third time in a month the Soviet Union has accused a member of the U.S. Embassy staff of spying and ordered him out of the country.

The State Department termed the latest charges, against Richard Carl Jacob, a secretary, a "complete fabrication."

Jacob, 26, was accused of "maintaining secret liaison with a spy on the territory of the Soviet Union."

Tass, the Soviet news agency, said he was "caught redhanded while removing intelligence data from a secret hiding place in the entrance hall of house number 5-6 in Pushkinskaya Street in Moscow."

The nature of the material, said Tass, established "beyond a shadow of a doubt" that Jacob was in contact with an undercover agent.

An embassy spokesman said Jacob was arrested Friday, forced into a car and detained for 2½ hours at a militia station. The embassy protested to the Soviet Foreign Ministry that he had been illegally detained in violation of the diplomatic immunity to which he was entitled.

The embassy refused to say what Jacob was doing when he was picked up.

Lodge-Kennedy Showdown Near

Most Massachusetts Polls Give Nod to Ted

BOSTON (AP)—The heavy guns of the feuding Kennedy and Lodge clans are moving onto the fringes of the Senate fight between Edward M. Kennedy and George C. Lodge.

President John F. Kennedy is due in Boston tonight to cast his vote for younger brother Ted. He will fly back to Washington Tuesday morning without actively campaigning but the brief visit is widely interpreted as a move to enhance the candidacy of Ted and the rest of the Democratic ticket.

The President has sent an absentee ballot, but if he votes in person, his absentee ballot will not be counted.

Lodge's father, Henry Cabot Lodge Jr., former U.S. ambassador to the United Nations, made his first campaign appearance Sunday night at a Republican rally. He took a bow but did not speak.

The contest between Ted and George is round three in an inter-family battle for Senate seat that has been held by either a Kennedy or a Lodge for 45 of the last 69 years.

President Kennedy defeated Henry Cabot Lodge Jr. for the seat in 1952. The original Henry Cabot Lodge turned back a bid by John F. Fitzgerald, the Kennedys' grandfather, in 1916.

Both candidates have soft pedaled the family aspects of the race. But Republicans have read a kinship meaning into Ted's campaign slogan: "He can do more for Massachusetts."

Most polls favor Ted to win, possibly as much as 400,000 votes out of an expected two million cast. But George's campaign manager, Paul Grindle, using his own statistics, insists: "It's still a horse race."

A third candidate, Harvard history Prof. H. Stuart Hughes, grandson of the late Chief Justice Charles Evans Hughes, is not expected to corner more than 2 per cent of the vote.

Arkansans Swarming To Get Polio Shots

FAYETTEVILLE, Ark. (AP)—Frightened by the possibility of a polio epidemic, more than 37,000 residents of this Ozark Mountain area swarmed to immunization centers.

The crash program of immunization for the 55,000 residents of Washington County, in northwest Arkansas, resulted from an outbreak which left one child dead and nine other persons stricken with the illness.

GOP Has Hope Of Winning Governorships

Key Posts May Tip Identity of 1964 Presidential Nominee

WASHINGTON (AP) — Republicans looking toward the 1964 presidential contest nurtured high hopes today of winning key governor's posts when about 50 million Americans go to the polls Tuesday.

In an interim election which may be influenced by the continuing crisis over Cuba, Democrats expected to come close to holding their own in House contests and even talked of the possibility of small Senate gains.

At about 169,000 polling places from Maine to Hawaii, voters will officially choose 35 governors, 39 senators and 435 House members.

If the usual pattern is maintained, balloting will begin shortly after midnight tonight in a couple of New Hampshire hamlets and end at 2 a.m., EST, Wednesday in the reaches of Alaska's farthest west time zone.

The Weather Bureau predicted dry but chilly Election Day weather for most of the nation.

President Kennedy was scheduled to fly to Boston late today to cast his ballot there Tuesday for his brother, Edward M. Kennedy, who is rated a sure winner in the Massachusetts race for the President's old Senate seat.

The White House said the First Lady has cast an absentee ballot and will not make the trip.

On the eve of the election, Republicans were favored to win 19 of the governorships races, Democrats 16. This could alter radically the present bases of power in the states where presidential elections are won or lost.

The GOP now holds the governorships of only 16 states with 129 electoral votes. There are contests in 14 of these states. Only the governors of Montana and Utah, which have a total of eight electoral votes, are Republican holdovers.

Democrats are governors in 34 states which will cast 406 electoral votes in 1964. There are no contests this year in 13 of these with 152 electoral votes.

Because their chances of making any substantial gains in the House and Senate races appear dim, Republicans are looking to the governor contests not only to give them an upward surge toward the 1964 presidential battle but to point toward a possible nominee to oppose President Kennedy.

An Associated Press survey indicated that Republicans have a slight edge in efforts to take away Democratic seats in Pennsylvania, Michigan, Wisconsin, Nebraska, Oklahoma and Wyoming.

The GOP is credited with the advantage in trying to hold on to party governorships in Massachusetts, Minnesota, Iowa, South Dakota, Kansas, Arizona, Idaho, Oregon and Hawaii. The loss of New Hampshire would be regarded as an upset. GOP victories in New York, Maine and Vermont seem certain.

Anna Winking Out in Space

WASHINGTON (AP)—Anna, the new American Firefly satellite, has winked her lights on schedule.

The Defense Department said the satellite, launched Wednesday, flashed its lights Sunday for the first time at the command of equipment in the satellite. The flashes were received as radio transmissions since the lights weren't visible in daylight.

The Navy, handling the project for itself, the Army and the Air Force, will begin making night-time observations this week. The project is aimed at refining measurements on the size and shape of the earth.

With the satellite orbiting at about 700 miles above the earth, the winks won't be visible to the naked eye, but officials say they probably can be spotted at night with high powered binoculars.

70 Pct. Answer 'SOS'

COLUMBUS, Ohio (AP)—A total of 504,322 persons, representing about 70 per cent of the Columbus and Franklin County population, turned out for Type II Sabin on Sunday.

3.8 Million Ohioans Set To Go to Polls Tuesday

SKIN TESTS UNDER WAY — The tuberculosis skin testing program got under way here today. Shown are several Circleville High School students who rolled up their sleeves and made ready to receive the injections. More than 3,500 pupils in Pickaway County have been asked to take the harmless tests. (Staff Photo)

Sabin Vaccine Administered To About 20,000 in County

An estimated 20,000 persons received the Sabin oral polio vaccine yesterday at 10 clinics set up throughout Circleville and Pickaway County.

Drs. H. H. Swope and Frank Moore, local co-chairmen of the SOS program, today expressed sincere thanks to the "Many many people and organizations that contributed their time and efforts in this fight against polio."

A complete tabulation of persons receiving the vaccine had not been prepared at noon today. However, Dr. Swope said approximately 20,000 persons had been vaccinated.

More than 75 per cent of Circleville residents took the vaccine, Dr. Swope said, based on a population of 12,000.

Apportionment To Be Felt In 13 States

WASHINGTON (AP) — Legislative reapportionment, triggered by a U.S. Supreme Court ruling this spring, moves from the courtroom to the election booth in 13 states Tuesday.

While congressional and gubernatorial races catch most of the attention, voters will be making decisions regarding the makeup of their state legislatures in these states: California, Colorado, Florida, Georgia, Hawaii, Mississippi, Nebraska, North Carolina, Oklahoma, Oregon and Tennessee, Washington and West Virginia.

Most of the proposals would give urban or suburban areas a bigger and sometimes commanding voice in at least one of the branches of state legislatures. But voters in Nebraska, Oregon and West Virginia are being asked to solidify or increase rural strength in the statehouse.

In most cases the referendum and constitutional amendments being voted on were in the works before the Supreme Court ruled last March that legislative apportionment is a legitimate matter for federal courts to consider. That ruling touched off some 70 lawsuits across the nation, most of them aimed at breaking rural control of the legislatures.

Medical Society's expectations," Swope said. The weather didn't help the program since rain fell throughout most of the day. Every effort had been made to contact the entire population to inform them of the program yesterday, he added.

An auto equipped with a public address system was operated in Circleville during the weekend by local Jaycees as a final reminder of the SOS program.

Other groups assisting in the program were:

The Pickaway County Sheriff's Department, the Red Cross, Boy Scouts, SOS Club of Circleville High School, and the Child Conservation League.

Doctors assisting at the clinics were: Drs. Frank Moore, Warren Hoffman, M. D. Gamble, F. W. Anderson, R. G. Smith, Dr. Frazier (Orient State Hospital), J. M. Hedges, E. L. Montgomery, V. D. Kerns, and Ray Carroll.

Call The Herald For Vote Results

The latest returns on tomorrow's election may be obtained by calling The Herald.

Counts will be tabulated as they are reported in to the Board of Elections office. These results will be made available by calling GR 4-3133 or GR 4-3131.

Initial reports probably will not be received before 8 p. m.

Explosion Singes Pigs in Bathroom

DALLAS, Tex. (AP)—When the Arnold Gerling family brought home three pigs Saturday they had no place to keep them at their West Dallas home. So they locked the pigs in the bathroom.

Mrs. Gerling and her daughters, Linda Lee, 6, and Carole Sue, 5, were in the living room Sunday when the wall between the bathroom and the living room was blown out.

Battalion fire chief Don Ratliff said the pigs apparently had turned on a gas outlet as they roared around the bathroom and a pilot light touched off the blast. Damage was estimated at \$1,000.

The mother and daughters were treated for second and third-degree burns. The singed pigs were hauled to a slaughter house.

Nurses assisting included Gertrude Seymour, Judy Goode, Norma Gullic, Ellen Leist, Maribel Mace, Margaret Anderson, Rita Smith, Mary Walters, A. J. Frass, Irma Fenstermaker, Ann Roll, Mary Ann Heiman, Donna Carter, Dorothy Clark, Joyce Roll, Diane Sutton, Elaine Bowman, Jackie Neff, Beverly Southward, Nancy Martin and Wanda Fausnaugh.

PHARMACISTS stationed at the various clinics were: Robert Swackhammer, Norman Kutler, Ray Parcher, Jim Shultz, Dean Bingham, Charles Schieber, Carl Longocini, Robert McKelvey, Ted Foster and Robert Scranton.

In addition to the professional workers, an average of ten persons worked at each of the clinics at various posts.

Clinic-by-clinic totals will be published in tomorrow's edition of The Herald.

52 Members Of Congress To Step Aside

WASHINGTON (AP)—The oldest congressman and three other octogenarians are among 52 members of Congress who are certain to be replaced when the new session convenes next January.

They either have retired to private life, are seeking other office, or were defeated in primary elections.

Less than half of the 52 are bowing out of public office voluntarily. They include the oldest member of Congress, Rep. Brent Spence, D-Ky., chairman of the House Banking and Currency Committee. Spence will be 88 on Dec. 24.

Three House Republicans, John Taber of New York, 82; Clare Hoffman of Michigan, 87, and Noah Mason of Illinois, 80, are the other octogenarians quitting on their own. They have been in Congress long enough to qualify for hefty pensions—around \$18,000 a year in the case of Spence and Taber.

Seventeen other senators and representatives have made their own decisions to return to private life.

Nine members have abandoned their House seats to seek senatorships. Another is running for governor.

Governor Race Tops Interest

Little Change Seen In Congress Results

COLUMBUS, Ohio (AP) — A jury of about 3.8 million Ohio voters will reach its decision Tuesday on a hammer-and-tongs contest for governor and on a somewhat more subdued race for U.S. senator.

Little if any numerical change is expected in the Ohio congressional delegation which Republicans now control 16-7, but the extra U.S. House seat Ohio picked up in the 1960 census is expected to go to the GOP.

Voter decisions on eight other statewide races will be forthcoming as well as a ruling on one proposed constitutional amendment.

Only one contest appears to have captured public interest. It is the race for governor between Democratic incumbent Michael V. DiSalle, seeking a second four-year term, and Republican State Auditor James A. Rhodes. Their rugged battle for top spot in the Buckeye State has gone right down to the wire with most observers calling it a tossup. However, Jack Bell, Associated Press political analyst in Washington, D.C., reported his Ohio contacts give the edge to DiSalle.

Democratic U.S. Sen. Frank J. Lausche, a conservative with a reputation for independence, is a solid re-election favorite over Republican John Marshall Briley of Toledo. Lausche's recent hospitalization because of an illness his aides say was induced by exhaustion does not appear to have affected his role as heavy favorite.

Republican Robert Taft Jr. of Cincinnati is rated practically a shoo-in for the new post of congressman-at-large over Democrat Richard D. Kennedy of Cleveland. Kennedy, a political unknown, emerged the Democratic nominee last May from a pack of 11 candidates, but Ohio Democratic leaders have ignored him since then, largely because of his conservative civil rights views.

The constitutional issue up for decision was taken directly to the ballot by initiative petition. The sponsor, a large milk company, asserts the amendment would clarify Ohio's confused Sunday-closing law situation by providing that no law or local ordinance could prohibit the Sunday sale of a specific group of goods and services—including milk and milk products.

Opponents contend the amendment is a subterfuge designed only to legalize milk and food sales on Sunday. A simple majority is required to write the so-called blue laws amendment into the Ohio Constitution.

For the first time since Ohio changed over from two-year to four-year terms for state officials, all will be elected simultaneously Tuesday. Voters, with all the ruckus in the governor's race, have heard relatively little from the other candidates.

Some of the side issues in the gubernatorial race have been at least temporarily shelved and their traditional Saturday-before-election debate before the City Club in Cleveland. That one-and-only head-to-head encounter of the entire campaign produced little, if anything, new.

So far as the campaign is concerned, at least, a 13-2 vote of the Franklin County grand jury late Saturday laid to rest DiSalle's charges of fraud in connection with the purchase of adding machines by examiners employed in auditor Rhodes' office.

(Continued on Page 7)

OU Dedication Slated

ATHENS, Ohio (AP)—Ohio University will dedicate a new \$2.5 million space arts building here Thursday and Friday. The structure will house the schools of painting and allied arts and architecture.

U.S. Surveillance Continuance Seen

WASHINGTON (AP)—President Kennedy feels U.S. surveillance of Cuba will have to be continued in some form long after the current missile crisis is settled, government sources report.

In offering this view of the President's thinking to newsmen Sunday, the sources did not specify how the watch would be kept. The object they said, would be to guard against any future introduction of Soviet missiles into Cuba.

Aerial photographs of the island last month gave the first hard evidence that the Soviet Union was mounting an offensive missile threat in Cuba, the White House has said. It was from aerial photos taken last Thursday that the administration concluded Soviet Premier Khrushchev had begun to make good on his pledge to tear down the missile bases.

The Navy, in maintaining an arms blockade of Cuba, has also been filling a surveillance role.

Removal of the missiles and other Soviet offensive arms from Cuba remains a thorny problem. By the terms of the Kennedy-

Khrushchev agreement, the United Nations would supervise the verification that Soviet missiles have been withdrawn from the island.

The government sources who discussed Kennedy's position emphasized that he is determined to verify the removal of the weapons by international inspection teams—and that nothing less will be satisfactory.

While the United States and the Soviet Union are reported prepared to have the International Red Cross fill the inspection role originally proposed for the United Nations, Cuban Prime Minister Fidel Castro has the power to bar international inspectors from his territory.

Soviet First Deputy Premier Anastas I. Mikoyan conferred with Castro in Havana over the weekend—presumably in an effort to prod the Cuban leader into accepting at least the fundamentals of an international inspection system.

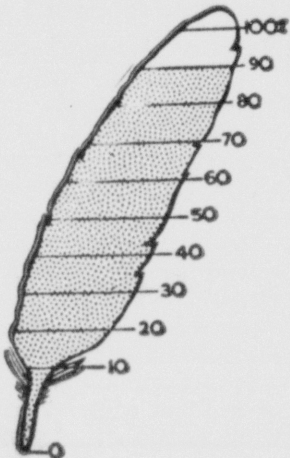

Mikoyan and Castro met twice Sunday at the government palace. No communiques were issued and Cuban officials gave no hint of the nature of the talks. Mikoyan remained in Havana despite the death of his wife in Moscow Saturday night.

The administration's continuing stress on the necessity of international inspection is being viewed in some quarters as a means of keeping pressure on Castro.

As far as it can be ascertained, the United States has set no deadline on compliance from either Moscow or Havana. Nonetheless, Kennedy was understood to feel the United States cannot wait indefinitely.

Fund Moving Toward Goal

Present Tally Shows 90 Per Cent of Total

Pickaway County's Community Fund drive has inched up to 90 per cent of its goal.

This means that more than \$31,000 has been collected since the campaign opened. The 1962 goal is \$34,744.

The Pickaway County drive reached the 85 per cent mark on Oct. 16. The figure stood at 60 per cent on Oct. 4.

Earl Palm, campaign chairman, said collections have been moving along at an anticipated pace. He said indications are that final tabulations will push the drive over the top.

The funds collected will be earmarked for distribution to the six agencies benefited by the community effort. They are the Red Cross, the Salvation Army, Boy Scouts, Girl Scouts, the Well-Child Clinic and the Youth Canteen.

Soviet Ousts Another U.S. Embassy Aide

MOSCOW (AP)—For the third time in a month the Soviet Union has accused a member of the U.S. Embassy staff of spying and ordered him out of the country.

The State Department termed the latest charges, against Richard Carl Jacob, a secretary-archivist, "a complete fabrication."

Jacob, 26, was accused of "maintaining secret liaison with a spy on the territory of the Soviet Union."

Tass, the Soviet news agency, said he was "caught redhanded while removing intelligence data from a secret hiding place in the entrance hall of house number 5-6 in Pushkinskaya Street in Moscow."

The nature of the material, said Tass, established "beyond a shadow of a doubt" that Jacob was in contact with an undercover agent.

An embassy spokesman said Jacob was arrested Friday, forced into a car and detained for 2½ hours at a militia station. The embassy protested to the Soviet Foreign Ministry that he had been illegally detained in violation of the diplomatic immunity to which he was entitled.

The embassy refused to say what Jacob was doing when he was picked up.

Lodge-Kennedy Showdown Near

Most Massachusetts Polls Give Nod to Ted

BOSTON (AP)—The heavy guns of the feuding Kennedy and Lodge clans are moving onto the fringes of the Senate fight between Edward M. Kennedy and George C. Lodge.

President John F. Kennedy is due in Boston tonight to cast his vote for younger brother Ted. He will fly back to Washington Tuesday morning without actively campaigning but the brief visit is widely interpreted as a move to enhance the candidacy of Ted and the rest of the Democratic ticket.

The President has sent an absentee ballot, but if he votes in person, his absentee ballot will not be counted.

Lodge's father, Henry Cabot Lodge Jr., former U.S. ambassador to the United Nations, made his first campaign appearance Sunday night at a Republican rally. He took a bow but did not speak.

The contest between Ted and George is round three in an inter-family battle for Senate seat that has been held by either a Kennedy or a Lodge for 45 of the last 69 years.

President Kennedy defeated Henry Cabot Lodge Jr. for the seat in 1952. The original Henry Cabot Lodge turned back a bid by John F. Fitzgerald, the Kennedys' grandfather, in 1916.

Both candidates have softened the family aspects of the race. But Republicans have read a kinship meaning into Ted's campaign slogan: "He can do more for Massachusetts."

Most polls favor Ted to win, possibly as much as 400,000 votes out of an expected two million cast. But George's campaign manager, Paul Grindle, using his own statistics, insists: "It's still a horse race."

A third candidate, Harvard history Prof. H. Stuart Hughes, grandson of the late Chief Justice Charles Evans Hughes, is not expected to corner more than 2 per cent of the vote.

Arkansans Swarming To Get Polio Shots

FAYETTEVILLE, Ark. (AP)—Frightened by the possibility of a polio epidemic, more than 37,000 residents of this Ozark Mountain area swarmed to immunization centers.

The crash program of immunization for the 55,000 residents of Washington County, in northwest Arkansas, resulted from an outbreak which left one child dead and nine other persons stricken with the illness.

GOP Has Hope Of Winning Governorships

Key Posts May Tip Identity of 1964 Presidential Nominee

WASHINGTON (AP) — Republicans looking toward the 1964 presidential contest nurtured high hopes today of winning key governor's posts when about 50 million Americans go to the polls Tuesday.

In an interim election which may be influenced by the continuing crisis over Cuba, Democrats expected to come close to holding their own in House contests and even talked of the possibility of small Senate gains.

At about 169,000 polling places from Maine to Hawaii, voters will officially choose 35 governors, 39 senators and 435 House members.

If the usual pattern is maintained, balloting will begin shortly after midnight tonight in a couple of New Hampshire hamlets and end at 2 a. m., E.S.T., Wednesday in the reaches of Alaska's farthest west time zone.

The Weather Bureau predicted dry but chilly Election Day weather for most of the nation.

President Kennedy was scheduled to fly to Boston late today to cast his ballot there Tuesday for his brother, Edward M. Kennedy, who is rated a sure winner in the Massachusetts race for the President's old Senate seat.

The White House said the First Lady has cast an absentee ballot and will not make the trip.

On the eve of the election, Republicans were favored to win 19 of the governorship races, Democrats 16. This could alter radically the present bases of power in the states where presidential elections are won or lost.

The GOP now holds the governorships of only 16 states with 129 electoral votes. There are contests in 14 of these states. Only the governors of Montana and Utah, which have a total of eight electoral votes, are Republican holdovers.

Democrats are governors in 34 states which will cast 406 electoral votes in 1964. There are no contests this year in 13 of these with 152 electoral votes.

Because their chances of making any substantial gains in the House and Senate races appear dim, Republicans are looking to the governor contests not only to give them an upward surge toward the 1964 presidential battle but to point toward a possible nominee to oppose President Kennedy.

An Associated Press survey indicated that Republicans have a slight edge in efforts to take away Democratic seats in Pennsylvania, Michigan, Wisconsin, Nebraska, Oklahoma and Wyoming.

The GOP is credited with the advantage in trying to hold on to party governorships in Massachusetts, Minnesota, Iowa, South Dakota, Kansas, Arizona, Idaho, Oregon and Hawaii. The loss of New Hampshire would be regarded as an upset. GOP victories in New York, Maine and Vermont seem certain.

Anna Winking Out in Space

WASHINGTON (AP)—Anna, the new American Firefly satellite, has winked her lights on schedule.

The Defense Department said the satellite, launched Wednesday, flashed its lights Sunday for the first time at the command of equipment in the satellite. The flashes were received as radio transmissions since the lights weren't visible in daylight.

The Navy, handling the project for itself, the Army and the Air Force, will begin making nighttime observations this week. The project is aimed at refining measurements on the size and shape of the earth.

With the satellite orbiting at about 700 miles above the earth, the winks won't be visible to the naked eye, but officials say they probably can be spotted at night with high powered binoculars.

70 Pct. Answer 'SOS'

COLUMBUS, Ohio (AP)—A total of 504,322 persons, representing about 70 per cent of the Columbus and Franklin County population, turned out for Type II Sabin on Sunday.

3.8 Million Ohioans Set To Go to Polls Tuesday

SKIN TESTS UNDER WAY — The tuberculosis skin testing program got under way here today. Shown are several Circleville High School students who rolled up their sleeves and made ready to receive the injections. More than 3,500 pupils in Pickaway County have been asked to take the harmless tests. (Staff Photo)

Sabin Vaccine Administered To About 20,000 in County

An estimated 20,000 persons received the Sabin oral polio vaccine yesterday at 10 clinics set up throughout Circleville and Pickaway County.

Drs. H. H. Swope and Frank Moore, local co-chairmen of the SOS program, today expressed sincere thanks to the "Many, many people and organizations that contributed their time and efforts in this fight against polio."

A complete tabulation of persons receiving the vaccine had not been prepared at noon today. However, Dr. Swope said approximately 20,000 persons had been vaccinated.

More than 75 per cent of Circleville residents took the vaccine, Dr. Swope said, based on a population of 12,000.

RURAL areas fell short of the

Medical Society's expectations," Dr. Swope said. The weather didn't help the program since rain fell throughout most of the day. Every effort had been made to contact the entire population to inform them of the program yesterday, he added.

An auto equipped with a public address system was operated in Circleville during the weekend by local Jaycees as a final reminder of the SOS program.

Other groups assisting in the program were:

The Pickaway County Sheriff's Department, the Red Cross, Boy Scouts, SOS Club of Circleville High School, and the Child Conservation League.

Doctors assisting at the clinics were: Drs. Frank Moore, Warren Hoffman, M. D. Gamble, F. W. Anderson, R. G. Smith, Dr. Frazier (Orient State Hospital), J. M. Hedges, E. L. Montgomery, V. D. Kerns, and Ray Carroll.

Nurses assisting included Gertrude Seymour, Judy Goode, Norma Gullic, Ellen Leist, Maribel Mace, Margaret Anderson, Rita Smith, Mary Walters, A. J. Frass, Irma Fenstermaker, Ann Roll, Mary Ann Heiman, Donna Carter, Dorothy Clark, Joyce Roll, Diane Sutton, Elaine Bowman, Jackie Neff, Beverly Southward, Nancy Martin and Wanda Fausnaugh.

PHARMACISTS stationed at the various clinics were: Robert Swackhammer, Norman Kutler, Ray Parcher, Jim Shultz, Dean Bingham, Charles Schieber, Carl Longocci, Robert McKelvey, Ted Foster and Robert Scranton.

In addition to the professional workers, an average of ten persons worked at each of the clinics at various posts.

Clinic-by-clinic totals will be published in tomorrow's edition of The Herald.

Call The Herald For Vote Results

The latest returns on tomorrow's election may be obtained by calling The Herald.

Counts will be tabulated as they are reported in to the Board of Elections office. These results will be made available by calling GR 4-3133 or GR 4-3131.

Initial reports probably will not be received before 8 p. m.

Explosion Singes Pigs in Bathroom

DALLAS, Tex. (AP)—When the Arnold Gerling family brought home three pigs Saturday they had no place to keep them at their West Dallas home. So they locked the pigs in the bathroom.

Mrs. Gerling and her daughters, Linda Lee, 6, and Carol Sue, 5, were in the living room Sunday when the wall between the bathroom and the living room was blown out.

Battalion fire chief Don Ratliff said the pigs apparently had turned on a gas outlet as they roared around the bathroom and a pilot light touched off the blast. Damage was estimated at \$1,000.

The mother and daughters were treated for second and third-degree burns. The singed pigs were hauled to a slaughter house.

Governor Race Tops Interest

Little Change Seen In Congress Results

COLUMBUS, Ohio (AP) — A jury of about 3.8 million Ohio voters will reach its decision Tuesday on a hammer-and-tongs contest for governor and on a somewhat more subdued race for U.S. senator.

Little if any numerical change is expected in the Ohio congressional delegation which Republicans now control 16-7, but the extra U.S. House seat Ohio picked up in the 1960 census is expected to go to the GOP.

Voter decisions on eight other statewide races will be forthcoming as well as a ruling on one proposed constitutional amendment.

Only one contest appears to have captured public interest. It is the race for governor between Democratic incumbent Michael V. DiSalle, seeking a second four-year term, and Republican State Auditor James A. Rhodes. Their rugged battle for top spot in the Buckeye State has gone right down to the wire with most observers calling it a tossup. However, Jack Bell, Associated Press political analyst in Washington, D.C., reported his Ohio contacts give the edge to DiSalle.

Democratic U.S. Sen. Frank J. Lausche, a conservative with a reputation for independence, is a solid re-election favorite over Republican John Marshall Briley of Toledo. Lausche's recent hospitalization because of an illness his aides say was induced by exhaustion does not appear to have affected his role as heavy favorite.

Republican Robert Taft Jr. of Cincinnati is rated practically a shoo-in for the new post of congressman-at-large over Democrat Richard D. Kennedy of Cleveland. Kennedy, a political unknown, emerged the Democratic nominee last May from a pack of 11 candidates, but Ohio Democratic leaders have ignored him since then, largely because of his conservative civil rights views.

The constitutional issue up for decision was taken directly to the ballot by initiative petition. The sponsor, a large milk company, asserts the amendment would clarify Ohio's confused Sunday-closing law situation by providing that no law or local ordinance could prohibit the Sunday sale of a specific group of goods and services—including milk and milk products.

Opponents contend the amendment is a subterfuge designed only to legalize milk and food sales on Sunday. A simple majority is required to write the so-called blue laws amendment into the Ohio Constitution.

For the first time since Ohio changed over from two-year to four-year terms for state officials, all will be elected simultaneously Tuesday. Voters, with all the ruckus in the governor's race, have heard relatively little from the other candidates.

Some of the side issues in the gubernatorial race have been at least temporarily shelved and their traditional Saturday-before-election debate before the City Club in Cleveland. That one-and-only head-to-head encounter of the entire campaign produced little, if anything, new.

So far as the campaign is concerned, at least, a 13-2 vote of the Franklin County grand jury late Saturday laid to rest DiSalle's charges of fraud in connection with the purchase of adding machines by examiners employed in auditor Rhodes' office.

RETIREES — Mrs. Helen Armstrong, center, holds the gift presented by fellow employees following her retirement at the Circleville Ralston Purina plant. She completed 18 years of service with the firm. She now plans to move to California where she will make her home.

Mrs. Armstrong Retires at Purina Firm

Mrs. Helen E. Armstrong, veteran Ralston Purina employee retired after 18 years of service with the firm.

Her years of faithful service were recognized at a retirement party held for her at the local plant. She joined the firm in May, 1944.

Mrs. Armstrong has elected to take an early retirement under one of the options available to her as a Purina employee. Her plans are to move to Gardena, Calif., where she will make her home.

At the party in her honor, Mrs. Armstrong was presented with a pendant necklace containing a small diamond which was a gift from her fellow employees as a token of her years with Purina.

Coffee and cake were served at the party. All employees had an opportunity to reminisce with her over the past years of her employment.

A mouse hair, enlarged 4,200 times, resembles a tree trunk.

Deaths and Funerals

MRS. RAYMOND ROBERTS

Mrs. Nellie Caroline Roberts, 69, of Amanda, died at 11:30 a. m. Saturday in the home of her sister, Miss Jennie Francis, Columbus.

Mrs. Roberts is survived by her husband, Raymond, three sisters, Miss Francis; Mrs. Lena Fairburn, Ashland; Mrs. Elsie Ridenour, London; one brother, Ernest Francis, Amanda.

Funeral services will be 2 p. m. tomorrow in the Taylor Funeral Home, Amanda, with the Rev. Lyle Marine officiating. Burial will be in the Amanda Twp. Cemetery. Friends may call at the funeral home anytime.

MR. WILLIAM J. DODD

Mr. William J. Dodd, former resident of Circleville, died Saturday morning in Athens following a lengthy illness.

Mr. Dodd was the son of Isaac and Kathleen Dodd.

He is survived by one brother, Albert, of Columbus.

Funeral mass will be at St. Joseph's Church, Circleville, at 9:30 a. m. tomorrow. Burial will be in St. Joseph's Cemetery.

Friends may call today at the Jager Funeral Home in Athens.

MR. GROVER A. HARTMAN

Mr. Grover A. Hartman, 77, Ashville, died last night in Berger Hospital.

He was born February 21, 1885, in Amanda Twp., the son of Ab-solam and Laura Bowers Hartman.

Mr. Hartman was a member of the St. Paul Lutheran Church and the Circleville IOOF Lodge. He was employed by the State Highway Department for 36 years until his retirement in 1956.

Surviving are his widow, Louise; a daughter, Mrs. Frances Riebel, Columbus; three sons, George Hartman, former superintendent Circleville Schools, Lebanon; Ralph Hartman, Amanda; Glen Hartman, Columbus; 12 grandchildren; five great-grandchildren; two sisters, Mrs. Nellie Root, Ft. Wayne, Ind., and Mrs. Bertha Contosta, Lancaster.

Services will be 2 p. m. Wednesday at the Bastian Funeral Home, Ashville, with the Rev. Henry

Giese officiating. Burial will be in Dutch Hollow Cemetery.

Friends may call at the funeral home beginning 7:30 p. m. today.

Martha Weiler Named to Welfare Staff

Martha Jane Weiler, 175 Sunset Drive, has been appointed a case worker for the Pickaway County Welfare Department, it was announced today by Pauline Reese, director.

Mrs. Weiler will begin a three week orientation course directed by the State Welfare Department. She will assume her duties here on Nov. 25.

The new case worker is a graduate of Springfield High School. She attended Springfield Business College for one year.

She was a stenographer in the Springfield Police Department for five years. She held a similar position under Probate Judge Guy Cline when he was the county prosecutor.

SHE HAS been employed as a librarian in the Pickaway County Library since 1958.

The employment of Mrs. Weiler brings the number of case workers in the local department to three. However, one of them, Mrs. Thelma Pryor, is on an indefinite leave of absence due to illness.

The appointment has been approved by the County commission.

Pro-Brown Poll Alters Nixon Plans

SAN FRANCISCO (AP)—An independent poll favoring Gov. Edmund G. Brown set the stage today for a dramatic finale to Richard M. Nixon's battle for the governorship of California and a political comeback.

Nixon, while "supremely confident," suddenly cancelled a series of pep-up visits to Los Angeles campaign headquarters for a no-text appearance on a statewide television network tonight.

His announcement came shortly after newspapers published the findings of the California Poll taken Oct. 30-Nov. 1. The results showed Brown ahead, 48 to 41 per cent, with 11 per cent undecided. The Sept. 27 poll also tilted toward the Democratic governor, 48-42-10.

Yemeni Rebels Threatening To Invade Main Arabia Port

DAMASCUS, Syria (AP)—A deepening crisis over Yemen threatened today to touch off a Middle East conflict pitting conservative monarchies against President Gamel Abdel Nasser's United Arab Republic.

On one side are the royal strongholds of Saudi Arabia and Jordan and on the other the Yemeni revolutionary regime backed by the U.A.R.

The crisis touched off by the overthrow of Yemen's ancient throne in September reached a new fever point Sunday with threats by the rebel regime to invade Saudi Arabia's main southern port of Qizan and the interior city of Najran.

Saudi Arabia and Jordan are supporting attempts by the deposed Yemeni king, Imam Mohammad Al-Badr, to regain his throne. The United Arab Republic has sent planes and tanks and perhaps 1,000 soldiers into the tiny Red Sea country to aid the revolutionary regime.

Yemeni revolutionary President Abdullah Sallal voiced the invasion threat against Saudi Arabia as that country's radio claimed royalist warriors now control Yemen's entire northwest.

Communiques purporting to come from Al-Badr's headquarters claimed hundreds of rebels, including many U.A.R. troops, had been killed in the fighting. The communiques said that in northern Yemen royalist forces have tightened their siege of the regions capital of Sada.

Sallal disputed the claims, saying that his U.A.R.-supported army and air force crushed "a large-scale Saudi invasion" and that the entire northwest region where the fighting occurred was now "completely under republican control."

He claimed nearly 4,000 invaders were killed in four days of fighting.

In Cairo, the government-owned Middle East News Agency said Yemeni tribesmen had been forced at gunpoint to join the Saudi Arabians in attacking northern Yemen. A U.A.R. military spokesman scoffed at Saudi and Jordanian radio claims of high Egyptian casualties. "We lost only two men," he said.

At U.N. headquarters in New York, a member of the kingdom of Yemen delegation, which is still loyal to the monarchy, said that Al-Badr's forces had captured 180 Egyptians and held all the country outside the largest towns.

M. S. Rinehart, Mortician, Dead at 72

Melvin S. Rinehart, 820 Atwater Ave., a retired funeral director, died 2:10 a. m. yesterday at Mt. Carmel Hospital, Columbus, following a lengthy illness.

He was born Oct. 5, 1890, in Preble County, the son of Philip and Jemima Young Rinehart.

Mr. Rinehart came to Circleville in 1918 and was first associated in the funeral business with Albaugh Funeral Directors. He later opened his own business at 203 S. Scioto St. The Rinehart Funeral Home operated at that address until 1942 when Mr. Rinehart retired.

He was a member of the Circleville Knights of Pythias, Masonic Lodge, BPO Elk Lodge and the First Methodist Church.

Surviving are his widow, Alva Keltner Rinehart; six nephews, Kenneth Rinehart, Louisville, Ky.; Howard, Wooster; Marvin, Akron; Elden, Tennessee; Ray, Richmond, Ind.; and Virgil Rinehart, Greenville.

K OF P services will be 7:30 p. m. tomorrow and Masonic services will be 8 p. m. Elks services will be 8 p. m. tonight.

Funeral services will be 2 p. m. Wednesday at the Deffenbaugh Funeral home with the Rev. Paul Wachs officiating. Burial will be in Forest Cemetery.

Friends may call at the funeral home beginning 6 p. m. today.

Stock Market Shows Gains

NEW YORK (AP)—Stock market prices made a fairly good gain in active trading early this afternoon.

The Associated Press average of 60 stocks at noon was up .9 at 223.4 with industrials up 1.2, rails up .3, and utilities up .4.

Gains of key stocks went from fractions to around a point. Bigger advances were made by some of the "growth" issues.

The trend was generally higher among steels, motors, mail order-retails, aerospace issues, utilities, electrical equipments, rails, oils, tobaccos, and airlines.

General Motors was fractionally higher. Chrysler continued in active demand and kept a gain of nearly a point. Ford was fractionally higher, American Motors was steady, and Studebaker eased.

The market will be closed Tuesday, election day, and some trading was cautious because of what the news may bring.

Du Pont was off more than 2 points.

K of C Council Enjoys Outing

Hannan Council 5297, Knights of Columbus, held a wiener roast Saturday night at the country home of Mr. and Mrs. William Thornton, Route 2. Thornton is grand knight of the local K of C chapter.

Twenty-two members and their wives attended the event. Out-of-town guests were Mr. and Mrs. Charles Stocklin and children from the Chillicothe council of K of C.

Refreshments and group singing were enjoyed around the open camp fire. The event was arranged by the council activities committee, Ed Joyce, chairman.

The regular bi-monthly meeting of the council will be held at 8 p. m. today in the council rooms, Pickaway and Franklin Sts.

Martha Weiler Named to Welfare Staff

Martha Jane Weiler, 175 Sunset Drive, has been appointed a case worker for the Pickaway County Welfare Department, it was announced today by Pauline Roese, director.

Mrs. Weiler will begin a three week orientation course directed by the State Welfare Department here on Nov. 26.

The new case worker is a graduate of Springfield High School. She attended Springfield Business College for one year.

She was a stenographer in the Springfield Police Department for five years. She held a similar position under Probate Judge Guy Cline when he was the county prosecutor.

SHE HAS been employed as a librarian in the Pickaway County Library since 1958.

The employment of Mrs. Weiler brings the number of case workers in the local department to three. However, one of them, Mrs. Thelma Pryor, is on an indefinite leave of absence due to illness.

The appointment has been approved by the County commission.

Yemeni Rebels Threatening To Invade Main Arabia Port

DAMASCUS, Syria (AP)—A deepening crisis over Yemen threatened today to touch off a Middle East conflict pitting conservative monarchies against President Gamel Abdel Nasser's United Arab Republic.

On one side are the royal strongholds of Saudi Arabia and Jordan and on the other the Yemeni revolutionary regime backed by the U.A.R.

The crisis touched off by the overthrow of Yemen's ancient throne in September reached a new fever point Sunday with threats by the rebel regime to invade Saudi Arabia's main southern port of Qizan and the interior city of Najran.

Saudi Arabia and Jordan are supporting attempts by the deposed Yemeni king, Imam Mohammad Al-Badr, to regain his throne. The United Arab Republic has sent planes and tanks and perhaps 1,000 soldiers into the tiny Red Sea country to aid the revolutionary regime.

Yemeni revolutionary President Abdullah Sallal voiced the invasion threat against Saudi Arabia as that country's radio claimed royalist warriors now control Yemen's entire northwest.

Communiques purporting to come from Al-Badr's headquarters claimed hundreds of rebels, including many U.A.R. troops, had been killed in the fighting. The communiques said that in northern Yemen royalist forces have tightened their siege of the regions capital of Sada.

Sallal disputed the claims, saying that his U.A.R.-supported army and air force crushed "a large-scale Saudi invasion" and that the entire northwest region where the fighting occurred was now "completely under republican control."

He claimed nearly 4,000 invaders were killed in four days of fighting.

In Cairo, the government-owned Middle East News Agency said Yemeni tribesmen had been forced at gunpoint to join the Saudi Arabians in attacking northern Yemen. A U.A.R. military spokesman scoffed at Saudi and Jordanian radio claims of high Egyptian casualties. "We lost only two men," he said.

At U.N. headquarters in New York, a member of the kingdom of Yemen delegation, which is still loyal to the monarchy, said that Al-Badr's forces had captured 180 Egyptians and held all the country outside the largest towns.

He was a member of the Circleville Knights of Pythias, Masonic Lodge, BPO Elk Lodge and the First Methodist Church.

Surviving are his widow, Alva Keltner Rinehart; six nephews, Kenneth Rinehart, Louisville, Ky.; Howard, Wooster; Marvin, Akron; Elden, Tennessee; Ray, Richmond, Ind.; and Virgil Rinehart, Greenville.

K OF P services will be 7.30 p. m. tomorrow and Masonic services will be 8 p. m. Elks services will be 8 p. m. tonight.

Funeral services will be 2 p. m. Wednesday at the Defenbaugh Funeral home with the Rev. Paul Waech officiating. Burial will be in Forest Cemetery.

Friends may call at the funeral home beginning 6 p. m. today.

No Nobel Peace Prize To Be Offered for '62

OSLO, Norway (AP)—The Nobel Committee of the Norwegian Storting (Parliament) today announced it had decided not to award the Nobel Peace Prize for 1962.

The prize money has been reserved for next year, the brief announcement said.

No reason was given for the committee's decision, but in the past the prize has not been awarded in times of great crisis.

Stock Market Shows Gains

NEW YORK (AP)—Stock market prices made a fairly good gain in active trading early this afternoon.

The Associated Press average of 60 stocks at noon was up .9 at 223.4 with industrials up 1.2, rails up .5, and utilities up .4.

Gains of key stocks went from fractions to around a point. Bigger advances were made by some of the "growth" issues.

The trend was generally higher among steels, motors, mail order-retails, aerospace issues, utilities, electrical equipments, rails, oils, tobaccos, and airlines.

General Motors was fractionally higher. Chrysler continued in active demand and kept a gain of nearly a point. Ford was fractionally higher, American Motors was steady, and Studebaker eased.

The market will be closed Tuesday, election day, and some trading was cautious because of what the news may bring.

Du Pont was off more than 2 points.

K of C Council Enjoys Outing

Hannan Council 5297, Knights of Columbus, held a wiener roast Saturday night at the country home of Mr. and Mrs. William Thornton, Route 2. Thornton is grand knight of the local K of C chapter.

Twenty-two members and their wives attended the event. Out-of-town guests were Mr. and Mrs. Charles Stocklin and children from the Chillicothe council of K of C.

Refreshments and group singing were enjoyed around the open camp fire. The event was arranged by the council activities committee, Ed Joyce, chairman.

The regular bi-monthly meeting of the council will be held at 8 p. m. today in the council rooms, Pickaway and Franklin Sts.

U.S. Economy Shows New Confidence

By ED MORE
AP Business News Writer
NEW YORK (AP) —Wall Street showing a new confidence with apparent settlement of the Cuban crisis, last week staged its greatest weekly advance in history.

On the basis of movements by the popular market averages, the week's gain widely exceeded that of 60 stocks this week advanced a record which stood until last week.

The Associated Press average of 60 stocks last week advanced 11.3 to 222.5, Topping the gain of the 1929 week, which was 8.4. At that time the market was making a strong technical rebound from the black days of the October crash.

The arbitrary division of movements of the averages into comparable days and weeks, however, ignores the fact that in two consecutive trading days this year, May 29 and May 31 (separated by the Memorial Day holiday), the AP average made a bigger advance than it did this week, casts and rumors.

The Dow Jones industrial average this week made a great leap of 35.56 to close at 604.58—once again breaking through the significant 600 level. The combined gain of the Dow industrials on May 29 and May 31 was 36.43.

Stock prices rose from the start on word of the United States-Soviet agreement to settle the Cuban crisis. As the urgency of

the Cuban crisis faded, the market began to look like its old self and individual stocks reacted in traditional manner to news, forecasts, and rumors.

Two days of strong advance came to a temporary halt as profit taking scrambled the list.

Then the advance gathered renewed strength on Thursday as the financial community began to think about the possibility of a

bullish outcome to the elections on Tuesday, when security markets will be closed.

The rally continued strongly on Friday. It recoiled temporarily as it was jolted by news that, according to Soviet Deputy Premier Anastas Mikoyan, Russia would back the Cuban proposals on the

crisis; but losses were recouped and the session ended with another sharp gain as investors were reassured by news that dismantling of Russian missiles in Cuba was proceeding.

The week's volume totaled 20,072,955 shares compared with 25,062,260 the previous week.

'GENESIS' HIS EXODUS—Dr. Ralph H. Elliott (above) is out of a job at Midwest Baptist Theological Institute, Kansas City, Mo., because of the controversy evoked over his book, "The Message of Genesis." Dr. Elliott, 37, wrote that the story of creation was symbolic rather than historical.

Something to Crow About
TULSA, Okla. (AP) — A crow brought two friends together for the first time in 16 years.

Joe the Crow, owned by Dennis Aaron, son of Mr. and Mrs. Bill Aaron, disappeared on a Monday. On Wednesday, Mrs. Vera Harvey saw a newspaper story of Joe's disappearance and recognized the bird as one her two teen-age sons had found.

She also recognized the Aarons' name as that of some people she had known for many years but hadn't seen for 16 years. She drove to the Aaron home to renew acquaintance and Joe the Crow was returned to his owner.

If your safety depended on it, how fast could you stop your car? To bring a moving vehicle to a standstill requires three separate acts: First, your eye must see the danger; Second, your brain must pass the "stop" command to the foot that applies the brakes; Third, your foot must move to the brakes and apply sufficient braking power. This is known as reaction time or thinking distance. To this, add the actual braking distance... the distance your car travels after you've applied the brakes.

Under perfect driving conditions, it takes an expert almost twice the length of a football field to stop a car going 70 miles per hour. At 60 mph, it takes 305 ft. At 20 mph, almost 50 ft. Now add to these distances your own physical and mental condition when your "emergency stop order" comes and you get the whole picture of how fast you can stop. Not too fast, is it?

Whether you're driving on the open highway or in a residential area, gauge your driving by your stopping capabilities. Drive carefully and join the over 6 million State Farm Mutual policyholders who have found careful driving really pays off through fewer accidents, lower insurance rates and extra benefits.

STATE FARM MUTUAL
AUTOMOBILE INSURANCE CO.
Home Office—Bloomington, Ill.

1 PROPOSED CONSTITUTIONAL AMENDMENT
RELATIVE TO THE SALE, PROCESSING OR RENDITION
OF CERTAIN COMMODITIES, PRODUCTS,
AND SERVICES ON SUNDAY.

(Proposed by Initiative Petition)
A majority affirmative vote is necessary for passage.

Proposing to amend Article I of the Constitution of the State of Ohio by adopting a section to be designated as Section 21, to read as follows:

Article I

Section 21. No statute, ordinance or regulation shall be passed or enforced whereby the sale, processing or rendition of the following commodities, products, or services shall be prohibited on Sunday or any other day of the week, to wit: gas, electricity, telephone, telegraph, public means of transportation or any other public utility service or product; newspapers, other news publications, radio, television, or other public communications service; household fuels; motor fuels and lubricants for automotive vehicles; prescriptions and proprietary drugs, and household medical supplies; products used for personal hygiene and sanitation; milk, milk products, any food item or food product for human or animal consumption.

☒	YES
☐	NO

SHALL THE PROPOSED AMENDMENT TO THE CONSTITUTION OF THE STATE OF OHIO PROVIDING THAT THE SALE OF CERTAIN ARTICLES AND SERVICES MAY NOT BE PROHIBITED ON SUNDAY OR ANY OTHER DAY OF THE WEEK IN THE STATE OF OHIO, BE ADOPTED?

Neither the present Sunday closing law (passed in 1831) nor any subsequent court decision, has ever made any of the following items clearly legal for Sunday sale...

- GAS, ELECTRICITY, TELEPHONE, TELEGRAPH
- PUBLIC TRANSPORTATION AND OTHER UTILITIES
- NEWSPAPERS, OTHER NEWS PUBLICATIONS
- RADIO, TELEVISION, OR OTHER COMMUNICATIONS
- HOUSEHOLD FUELS
- AUTOMOBILE FUELS AND LUBRICANTS
- PRESCRIPTION AND PROPRIETARY DRUGS
- HOUSEHOLD MEDICAL SUPPLIES
- PRODUCTS FOR PERSONAL HYGIENE AND SANITATION
- MILK AND MILK PRODUCTS
- FOOD FOR HUMAN OR ANIMAL CONSUMPTION

This sentence is somewhat confusing. It means this: If you want to be able to buy the above items legally on Sundays, vote

YES

Legalize Sunday Necessities...
VOTE YES FOR HONEST SUNDAYS!

Hospital Levy Is Vital Issue

Voters of Circleville and Pickaway County will be asked to make an important decision Tuesday when they cast ballots to accept or reject a building and expansion levy for Berger Hospital.

Acceptance means Berger would become a hospital with 88 adult beds, more than double the present 42. The end result would be 74 general patient beds and 14 maternity, all vitally needed for our growing community.

The 1 1/2 mill tax levy also would provide an additional operating room, a well equipped fracture room, a completely equipped recovery room, an adequate physiotherapy department, a centralized and efficient x-ray laboratory and pharmacy and supply departments. The expanded and adequate facilities would foster the incentive to bring vitally needed medical personnel here.

Rejection would mean that Berger Hos-

pital will not expand with the community in the near future, other than the new maternity wing which already has been provided for — a step that had to be taken if Berger was to meet state standards for accreditation and licensing.

The Herald endorses the Berger Hospital levy. We feel Circleville and Pickaway County deserve and should have a modern and up-to-date hospital center.

We feel that one bed for each 1,167 population of Pickaway County is an undesirable average. The levy, calling for two beds per 1,000 population, would be a corrective measure.

We further feel that a successful expansion project would mean more doctors serving the community, better emergency room service, cheaper rates and the adequate facilities to accommodate more admission requests.

Tackling 'Dropout' Problem

A program called "Double E" being undertaken in Chicago is attracting considerable attention because it is the first important attempt to tackle the problem of high school "dropouts."

There are boys and girls who leave high school because of either lack of interest or failure to make the grade. Many of them have home difficulties and parents who do nothing to encourage them to stay in school.

The program is a cooperative venture of the Chicago Board of Education and one of the city's largest department stores. Since it began other Chicago firms have joined.

It all began when a store official tried to recruit high school graduates for an executive training course. Instead, an official of the Board of Education suggested

that the store try hiring dropouts.

The result was that the store hired 35 youngsters between 16 and 21 who had been recommended by summer school counselors. These were boys and girls considered to have a "potential for success". They work three days a week and spend two days in classroom activities.

Jobs include stock and clerical work, sales, display, merchandise checking, gift wrapping and printing. Wages begin at \$1 an hour. The academic training provided is work-related and the boys and girls seem to respond to it well.

Results of the first year's experience of the program do not show perfection, but both the store and school officials consider it an over-all success. And even those youngsters who failed to make the Double E grade are believed to have benefited from their brief work experience.

Weird Solutions

In these scientific days the experts occasionally turn up some heartening justification for mankind's ancient notions. Take warts.

A doctor addressing a recent medical meeting in Fort Worth said some of them really can be charmed away. It is suggestive therapy, he explained, and there is no doubt it really works sometimes.

In children, he has found, the doctor can

"put some red stuff" on the wart, place it under a fluorescent light and tell the child it will go away. In 70 per cent of cases it does.

That gives rise to the unpleasant suspicion that such warts are "all in the mind," but it also offers evidence that the old-timers may not have been so dumb when "Take some stump water in the dark of the moon."

Women Are Index to Economy

By Hal Boyle

NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:

You can tell the condition of the nation's economy by the way women dress. "When things are booming," says fashion director Ruth Sellers, "bright colors and highly styled clothes are in vogue. But when a downturn occurs mid-lady's fashions become more conservative."

Prosperity Note: A luxury laundry here charges up to \$6 a yard for washing fine tablecloths by hand.

Ever wonder why a yawn helps wake you up and feel more alert? The act of yawning and stretching

quickness your pulse, thereby giving you more pep.

Odd Jobs: Did you know some fellows in this country make a living as bosom pressers, belly men and neckers? But their jobs aren't particularly romantic. Respectively, they are laundry workers who press shirt fronts, men who attach sounding boards to pianos, and necktie stitchers.

Busy Wives: The average American housewife now opens 800 cans and carries out 1,000 pounds of garbage a year.

Our Quotable Notables: "The ultimate effect of shielding men from the effects of folly is to fill the world with fools."—Herbert Spencer.

You can win money from your bartender by betting him he can't fold a piece of paper in half eight times. No matter how large and thin the paper, he won't be able to do it.

Apt Definitions: Writer Hugh Mulligan says a complaining wife is a "vintage whine."

Looking for an atomic age hide-away? Operators of 27 commercial caves in Missouri say they can shelter a million persons in an emergency. Lester B. Dill, operator of the bug Mrame Caverns in that state, says he already has made 5,000 reservations.

Somebody was wrong: The first time George Gershwin, the noted composer, played the piano in a theater he was laughed off the stage by both the audience and his fellow performers. And who

remembers their names now?

The high price of keeping calm: Americans spend about \$280 million annually on tranquilizers.

Worth Repeating: "The best way to keep teenagers out of hot water is to put some dishes in it."—Arnold H. Glasow.

Tidbits: Ancient Romans ate beans at funerals because of a belief that the souls of the dead resided in them. The banjo has been called "America's only national musical instrument." Basketball draws more paid admissions than any other U.S. sport. Diamonds have been found in Arkansas, California, Indiana, North Carolina, Ohio, Virginia and Wisconsin.

It was William Shakespeare who observed, "God has given you one face, and you make yourself another."

Conclusion of the Witness

CHARLESTON, W. Va. (AP)—The West Virginia Department of Agriculture sent a questionnaire to farm families which take part in a program of providing overnight accommodations to hunters and fishermen.

"One question was, 'How many sportsmen did you accommodate on your farm last year?'"

To this one woman replied, "None, only hunters."

LAFF-A-DAY

Try and Stop Me

By BENNETT CERF

IN A VERY, VERY swank restaurant in Paris, just off the Champs Elysees, an American tourist was ignored for a long time by his waiter. Finally he managed to capture the errant waiter's attention and blustered, "My wife and I have been waiting for you for fully half an hour. I want a bottle of your best champagne." "Certainly, monsieur," said the waiter soothingly. "What year?" The tourist cried, "Right NOW!"

Colonel Ralph Tringham recalls this epitaph, inscribed on the gravestone of a lowly army mule. "Here lies Maud, who in her lifetime of unselfish service to her country, kicked one general, four captains, sixteen sergeants, and one bomb."

OVERHEARD:

At a party honoring a film star just back from a safari in Africa: "He's the first man the head shrinkers ever failed with."

In a big office: "A fresh goof tried to pick me up in his big convertible last night. Boy, what an apartment he's got!"

At a Grand Concourse intersection: Taxi driver: "You stupid woman, you ought to lose your driver's license." Lady driven: "Heh, heh, heh! I haven't got one!"

Inside You and Yours

By BURTON H. FERN, M. D.

When should you take a cross-eyed child to an eye specialist? Whenever you decide the eyes aren't normal!

Because Baby can hardly see, his eyes can't work as a team. During the first few years each eye wanders independently.

As sight sharpens, the eyes learn teamwork. Like two cameras, each views from a slightly different angle. The brain blends these two images into stereo vision.

When the eyes focus for close-ups, they automatically turn in. Look at the tip of your nose and you'll see.

Some children are farsighted. Their eyes have to focus extra-hard to see near objects. Mistaking this extra focus for an ordinary close-up, the eyes turn in and cross.

When eyeglasses correct farsighted eyes, they don't have to strain to focus and the eyes stop turning in.

Some babies are born cross-eyed. One of the tiny muscles that move eyes in all directions may be weak or extra-long. The stronger opposing muscle pulls the eye out of line. The eye may turn in or out and up or down.

Whenever you notice this unbalanced pull, consult an eye specialist (ophthalmologist).

As your youngster grows, he'll see double. He may learn to meld this double image into one or block out the signals from the bad eye. After a few years this self-taught blindness can become permanent.

The doctor won't operate at once. He'll merely patch the good eye, forcing Baby to use the bad eye. Later, he'll tailor that loose muscle to proper length and correct the unbalanced pull.

After surgery your youngster may look better than he sees. Used to seeing a single image through crossed eyes, he may now see double. Only special exercises can keep the eye from drifting back to its old crossed position.

Optical push-ups firm and tighten that newly shortened muscle.

Dr. Fern's mailbox is wide open for letters from readers. While he cannot undertake to answer individual letters, he will use readers' questions in his column whenever possible and when they are of general interest. Address your letters to Dr. Fern in care of this newspaper.

ROCKET LAUNCHERS POINTED AT CUBA—The Army has begun to install rocket launchers aimed at Cuba 90 miles away, along the beach at Key West, Fla., as part of the massive Florida buildup in the Cuban crisis.

Troublesome Times

By George Sokolsky

So I am sitting at my desk, minding my own business and a busy-body telephones to say that he wants to ask me a few questions. He is making a survey. If there is anything in this world that I hate, it is a survey, particularly by telephone.

No! I do not use soap with cold cream in the middle. I don't use soap. In fact, I don't bathe. Will I vote for Joe Jerk who is running for Congress? No! I won't vote for Joe Jerk; I will vote for Mortimer Snerd. Do I wash my teeth after each meal? No! I don't ever wash my teeth. I put them in a glass to let them soak. Do I use a safety

belt when I drive my car? No! I am a plutocrat and use a chauffeur.

What does this guy want of me? Ever since I got a copy of Louis Harris's confidential poll to Mayor Robert Wagner, I do not answer pollsters. I like a boiler shop better. At least it is what it is.

So this fellow says he is making a survey in my neighborhood about automobiles. I interrupt him — as rudely as my nature will permit. My main point is that I pay the telephone company for the use of the telephone but not for it to be a nuisance, to be used by surveyors to keep me from my work or my leisure. How does he know what he may be interrupting?

Of course, I have two gals here to protect me from the worst, but they are gentle and young and they let surveyors and pollsters get past them. I am sure that those who do get past, need a tranquilizer afterwards. The most that one of them said was: "I got to live too. This is a job." I told him that he might go on relief and eat the taxpayer out of house and home.

I am a mild-tempered person who rarely speaks an unkind word even to dopes, morons or candidates. But this business of attempting to determine public opinion or consumer's opinion by the telephone, reminds me of a pal who told a Japanese check-point officer that he was in Manchuria to sell battle-axes to the Chinese. The Japanese officer carefully noted his reply and reported to his superiors who decided that it was a joke.

So the best way to trick these pollsters and surveyors is not to get angry and shut down the telephone but to tell them just the opposite. For instance, if one is going to vote for Nixon, he says Brown; or if for Rockefeller, he says Morgenthau. Then the poll gets all mixed up and the pollster loses his customers. Or maybe that is what the pollster does anyhow.

It is like campaign expense accounts which never include the under-the-table sums. So you read a report on how much was spent. If you multiply by three you will come near to the truth. Do you know what an under-the-table contribution is? Well, a fellow wants to give a candidate a little pocket money but for many reasons, none of them legitimate or honorable, he wants that nobody should know he gave the dough. So he gives the candidate the money in cash. There is no check. Nothing goes through a bank. There is no report. No Internal Revenue inspector has a look at it. It is done by the best of candidates, although when they get the envelope, they become suddenly deaf, dumb and blind.

Also, some candidates collect their money out-of-town, in places like New York, where nobody is supposed to know them and where nobody can possibly vote for them. A luncheon is given at some big restaurant like "21" or Toots Shor and everybody feels good and a couple of speeches are made along the line, "We'll never forget what you do today," and the saps fork over.

Of course, some politicians possess an instinct for ingratitude. It is a patriotic quality, because if every contributor had to be paid off the national debt would be

Letter to The Editor

However the name and address will not be used in the published letter upon request of the writer. Opinions expressed in this column are those of the writers and not necessarily those of The Herald.

To the Editor:

What is Circleville doing to the widows who get an allotment of \$40-\$50 monthly to live on?

I wonder how far can they push the older people? It looks like in the future, it would be kinder if we would kill them right out rather than starve them to death.

I wonder how many people who are pushing these tax levies own a home? I know quite a few who don't.

If you mention a city tax so all could pay, they clam up or say it isn't legal. It looks to me like their building Circleville for rich people. If you're poor, it's a case of pay or get out.

I was born and raised in Circleville, but it looks to me that the new people who have moved in are taking over. I don't think voting means anything here in Circleville!

If they want new schools, they go over people's heads; the vote goes through. I feel sorry for the poor people who work hard all their lives to get a home and when they grow old they have to starve to pay taxes.

I think those who want the Berger Hospital levy so bad should pay for it on their own or find other means to support it, without putting it on the taxpayer. The only reason these levies go through is because those who pass them don't own property of their own. It is easy to vote yes when its not coming out of your own pockets but mostly someone else's.

But please have mercy on our fixed income people. They aren't given a chance and I don't think it's fair to them.

I wonder how many people backing these levies would like to own their own home and have \$40 a month to live on. Not many of them because I heard many say: "Why do I have to pay these taxes and levies? I didn't vote for them."

What is going to happen to the rest of us when we reach our elderly age and our children are the voting people of Circleville? All of us should think before we vote.

doubled. Ingratitude is a politician's defense against betraying his country. However, there is always an election around the corner and one must be careful not to lose too many friends.

Chief diet of the deadly king cobra, we read, is other snakes. Just further proof that there's a little good in everyone!

Three inmates escaped Hhll, England, prison by pole-vaulting over the wall. Then they sprinted to freedom. Must be pretty good track and field athletes!

When a tiger attempted to bite a Saigon, Viet Nam, Zoo employee, the fellow sent the big cat scamping by means of well-placed kick. We'd have used footwork, too — only in a different way!

Cat-hacking is a cruel sport but in this case even the S. P. C. A. would have to admit there were extenuating circumstances.

At one time men's shoes were so long the toes were tied just below the knee—Factographs. Brogans with a built-in garter?

Milt, the sterling printer, reports that last weekend proved to be Upset Saturday for his favorite college football eleven. The team finally won a game!

On reading that a South Carolinian was fined \$10 for stealing garbage from an Army training center to feed his hogs, the man at the next desk says he'd like to know just how much is \$10 worth of garbage?

Hospital Levy Is Vital Issue

Voters of Circleville and Pickaway County will be asked to make an important decision Tuesday when they cast ballots to accept or reject a building and expansion levy for Berger Hospital.

Acceptance means Berger would become a hospital with 88 adult beds, more than double the present 42. The end result would be 74 general patient beds and 14 maternity, all vitally needed for our growing community.

The 1½ mill tax levy also would provide an additional operating room, a well equipped fracture room, a completely equipped recovery room, an adequate physiotherapy department, a centralized and efficient x-ray laboratory and pharmacy and supply departments. The expanded and adequate facilities would foster the incentive to bring vitally needed medical personnel here.

Rejection would mean that Berger Hos-

pital will not expand with the community in the near future, other than the new maternity wing which already has been provided for — a step that had to be taken if Berger was to meet state standards for accreditation and licensing.

The Herald endorses the Berger Hospital levy. We feel Circleville and Pickaway County deserve and should have a modern and up-to-date hospital center.

We feel that one bed for each 1,167 population of Pickaway County is an undesirable average. The levy, calling for two beds per 1,000 population, would be a corrective measure.

We further feel that a successful expansion project would mean more doctors serving the community, better emergency room service, cheaper rates and the adequate facilities to accommodate more admission requests.

Tackling 'Dropout' Problem

A program called "Double E" being undertaken in Chicago is attracting considerable attention because it is the first important attempt to tackle the problem of high school "dropouts."

There are boys and girls who leave high school because of either lack of interest or failure to make the grade. Many of them have home difficulties and parents who do nothing to encourage them to stay in school.

The program is a cooperative venture of the Chicago Board of Education and one of the city's largest department stores. Since it began other Chicago firms have joined.

It all began when a store official tried to recruit high school graduates for an executive training course. Instead, an official of the Board of Education suggested

that the store try hiring dropouts.

The result was that the store hired 35 youngsters between 16 and 21 who had been recommended by summer school counselors. These were boys and girls considered to have a "potential for success". They work three days a week and spend two days in classroom activities.

Jobs include stock and clerical work, sales, display, merchandise checking, gift wrapping and printing. Wages begin at \$1 an hour. The academic training provided is work-related and the boys and girls seem to respond to it well.

Results of the first year's experience of the program do not show perfection, but both the store and school officials consider it an over-all success. And even those youngsters who failed to make the Double E grade are believed to have benefited from their brief work experience.

Weird Solutions

In these scientific days the experts occasionally turn up some heartening justification for mankind's ancient notions. Take warts.

A doctor addressing a recent medical meeting in Fort Worth said some of them really can be charmed away. It is suggestive therapy, he explained, and there is no doubt it really works sometimes.

In children, he has found, the doctor can

"put some red stuff" on the wart, place it under a fluorescent light and tell the child it will go away. In 70 per cent of cases it does.

That gives rise to the unpleasant suspicion that such warts are "all in the mind," but it also offers evidence that the old-timers may not have been so dumb when "Take some stump water in the dark of the moon."

Women Are Index to Economy

By Hal Boyle

NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:

You can tell the condition of the nation's economy by the way women dress. "When things are booming," says fashion director Ruth Sellers, "bright colors and highly styled clothes are in vogue. But when a downturn occurs mid-lady's fashions become more conservative."

Prosperity Note: A luxury laundry here charges up to 6 a yard for washing fine tablecloths by hand.

Ever wonder why a yawn helps wake you up and feel more alert? The act of yawning and stretching

quickens your pulse, thereby giving you more pep.

Odd Jobs: Did you know some fellows in this country make a living as bosom pressers, belly men and neckers? But their jobs aren't particularly romantic. Respectively, they are laundry workers who press shirt fronts, men who attach sounding boards to pianos, and necktie stitchers.

Busy Wives: The average American housewife now opens 800 cans and carries out 1,000 pounds of garbage a year.

Our Quotable Notables: "The ultimate effect of shielding men from the effects of folly is to fill the world with fools."—Herbert Spencer.

You can win money from your bartender by betting him he can't fold a piece of paper in half eight times. No matter how large and thin the paper, he won't be able to do it.

Apt Definitions: Writer Hugh Mulligan says a complaining wife is a "vintage whine."

Looking for an atomic age hideaway? Operators of 27 commercial caves in Missouri say they can shelter a million persons in an emergency. Lester B. Dill, operator of the bug Mrame Caverns in that state, says he already has made 5,000 reservations.

Somebody was wrong: The first time George Gershwin, the noted composer, played the piano in a theater he was laughed off the stage by both the audience and his fellow performers. And who

remembers their names now?

The high price of keeping calm: Americans spend about \$280 million annually on tranquilizers.

Worth Repeating: "The best way to keep teen-agers out of hot water is to put some dishes in it."—Arnold H. Glasow.

Tidbits: Ancient Romans ate beans at funerals because of a belief that the souls of the dead resided in them. The banjo has been called "America's only national musical instrument." Basketball draws more paid admissions than any other U.S. sport. Diamonds have been found in Arkansas, California, Indiana, North Carolina, Ohio, Virginia and Wisconsin.

It was William Shakespeare who observed, "God has given you one face, and you make yourself another."

Conclusion of the Witness

CHARLESTON, W. Va. (AP) — The West Virginia Department of Agriculture sent a questionnaire to farm families which take part in a program of providing overnight accommodations to hunters and fishermen.

"One question was, 'How many sportsmen did you accommodate on your farm last year?'"

To this one woman replied, "None, only hunters."

LAFF-A-DAY

"Been waiting long?"

Try and Stop Me

By BENNETT CERF

IN A VERY, VERY swank restaurant in Paris, just off the Champs Elysees, an American tourist was ignored for a long time by his waiter. Finally he managed to capture the errant waiter's attention and blustered, "My wife and I have been waiting for you for fully half an hour. I want a bottle of your best champagne."

"Certainly, monsieur," said the waiter soothingly. "What year?" The tourist cried, "Right NOW!"

Colonel Ralph Tringham recalls this epitaph, inscribed on the gravestone of a lowly army mule. "Here lies Maud, who in her lifetime of unselfish service to her country, kicked one general, four captains, sixteen sergeants, and one bomb."

OVERHEARD:

At a party honoring a film star just back from a safari in Africa: "He's the first man the head shrinkers ever failed with." In a big office: "A fresh goof tried to pick me up in his big convertible last night. Boy, what an apartment he's got!" At a Grand Concourse intersection: Taxi driver: "You stupid woman, you ought to lose your driver's license." Lady driver: "Heh, heh, heh! I haven't got one!"

Inside You and Yours

By BURTON H. FERN, M. D.

When should you take a cross-eyed child to an eye specialist?

Whenever you decide the eyes aren't normal!

Because Baby can hardly see, his eyes can't work as a team. During the first few years each eye wanders independently.

As sight sharpens, the eyes learn teamwork. Like two cameras, each views from a slightly different angle. The brain blends these two images into stereo vision.

When the eyes focus for close-ups, they automatically turn in. Look at the tip of your nose and you'll see.

Some children are farsighted. Their eyes have to focus extra-hard to see near objects. Mistaking this extra focus for an ordinary close-up, the eyes turn in and cross.

When eyeglasses correct farsighted eyes, they don't have to strain to focus and the eyes stop turning in.

Some babies are born cross-eyed. One of the tiny muscles that move eyes in all directions may be weak or extra-long. The stronger opposing muscle pulls the eye out of line. The eye may turn in or out and up or down.

Whenever you notice this unbalanced pull, consult an eye specialist (ophthalmologist).

As your youngster grows, he'll see double. He may learn to meld this double image into one or block out the signals from the bad eye. After a few years this self-taught blindness can become permanent.

The doctor won't operate at once. He'll merely patch the good eye, forcing Baby to use the bad eye. Later, he'll tailor that loose muscle to proper length and correct the unbalanced pull.

After surgery your youngster may look better than he sees. Used to seeing a single image through crossed eyes, he may now see double. Only special exercises can keep the eye from drifting back to its old crossed position.

Optical push-ups firm and tighten that newly shortened muscle.

Dr. Fern's mailbox is wide open for letters from readers. While he cannot undertake to answer individual letters, he will use readers' questions in his column whenever possible and when they are of general interest. Address your letters to Dr. Fern in care of this newspaper.

A friend of fixed incomes

What is going to happen to the rest of us when we reach our elderly age and our children are the voting people of Circleville? All of us should think before we vote.

Troublesome Times

So I am sitting at my desk, minding my own business and a busy-body telephone to say that he wants to ask me a few questions. He is making a survey. If there is anything in this world that I hate, it is a survey, particularly by telephone.

No! I do not use soap with cold cream in the middle. I don't use soap. In fact, I don't bathe. Will I vote for Joe Jerk who is running for Congress? No! I won't vote for Joe Jerk; I will vote for Mortimer Snerd. Do I wash my teeth after each meal? No! I don't ever wash my teeth. I put them in a glass to let them soak. Do I use a safety

belt when I drive my car? No! I am a plutocrat and use a chauffeur.

What does this guy want of me? Ever since I got a copy of Louis Harris's confidential poll to Mayor Robert Wagner, I do not answer pollsters. I like a boiler shop better. At least it is what it is.

So this fellow says he is making a survey in my neighborhood about automobiles. I interrupt him — as rudely as my nature will permit. My main point is that I pay the telephone company for the use of the telephone but not for it to be a nuisance, to be used by surveyors to keep me from my work or my leisure. How does he know what he may be interrupting?

Of course, I have two gals here to protect me from the worst, but they are gentle and young and they let surveyors and pollsters get past them. I am sure that those who do get past, need a tranquilizer afterwards. The most that one of them said was: "I got to live too. This is a job." I told him that he might go on relief and eat the taxpayer out of house and home.

I am a mild-tempered person who rarely speaks an unkind word even to dopes, morons or candidates. But this business of attempting to determine public opinion or consumer's opinion by the telephone, reminds me of a pal who told a Japanese check-point officer that he was in Manchuria to sell battle-axes to the Chinese. The Japanese officer carefully noted his reply and reported to his superiors who decided that it was a joke.

So the best way to trick these pollsters and surveyors is not to get angry and shut down the telephone but to tell them just the opposite. For instance, if one is going to vote for Nixon, he says Brown; or if for Rockefeller, he says Morgenstern. Then the poll gets all mixed up and the pollster loses his customers. Or maybe that is what the pollster does anyhow.

It is like campaign expense accounts which never include the under-the-table sums. So you read a report on how much was spent. If you multiply by three you will come near to the truth. Do you know what an under-the-table contribution is? Well, a fellow wants to give a candidate a little pocket money but for many reasons, none of them legitimate or honorable, he wants that nobody should know he gave the dough.

So he gives the candidate the money in cash. There is no check. Nothing goes through a bank. There is no report. No Internal Revenue inspector has a look at it. It is done by the best of candidates, although when they get the envelope, they become suddenly deaf, dumb and blind.

Also, some candidates collect their money out-of-town, in places like New York, where nobody is supposed to know them and where nobody can possibly vote for them.

A luncheon is given at some big restaurant like "21" or Toots Shor and everybody feels good and a couple of speeches are made along the line, "We'll never forget what you do today," and the saps fork over.

Of course, some politicians possess an instinct for ingratitude. It is a patriotic quality, because if every contributor had to be paid off the national debt would be

doubled. Ingratitude is a politician's defense against betraying his country. However, there is always an election around the corner and one must be careful not to lose too many friends.

Moneyless Miners Fighting Losing Battle in Kentucky

PRESTONSBURG, Ky. (AP)—The people who live in the gloriously beautiful hills of eastern Kentucky are disheartened and discouraged.

Coal is their only crutch and the area's economy is sagging badly.

Large rail mines are doing fairly well, but they employ relatively few persons. The small coal industry, generally, contains three strata of humanity:

A few men of means who own coal-bearing land.

A larger number of men who rent the land or the coal rights on it and operate small mines. These men live lower middle class lives that sometimes are highly dangerous when troubles break out in the coal fields.

By far the largest majority of men are the mine workers. Many of them poor beyond belief.

When the price of coal drops, operators are forced either to decrease wages, cut off some fringe benefits or close their mines.

The miners quit work in protest if their demands are not met.

Out of jobs, they have no income. They go hungry.

The small operators, with only meager bankrolls on which to operate, feel the pinch.

The land owner, with no one renting from him, suffers also. But his loss is buried in the hunger and suffering of the others.

Into such a land came the government with a test program that gives food stamps to needy families. These may be cashed at grocery stores.

About 400 person in Floyd County are on relief rolls now. More are expected to join the program soon.

The current walkout of workers from truck mines began weeks ago when the United Mine Workers Union withdrew welfare cards. The union said it made the move because operators failed to pay royalties that support the welfare fund. The operators say they can't make the payments.

With all truck mines closed, a stalemate developed between the operators and the mine workers. To try to break this stalemate, the operators came up with a plan.

Last week they opened a small mining operation at Garth Hollow, about 15 miles from here. They also opened a tippie at Martin to grade the coal and load it into railroad cars.

The operators announced they

How Feuds Begin

MIAMI (AP) — If Mrs. Rita Oglesby was mad when Cal Rosenbaum parked his car on her trash pile, it was nothing compared to Rosenbaum's rage when Mrs. Oglesby tossed her trash in his car.

So Rosenbaum had Mrs. Iglesby arrested for malicious mischief and hauled off to jail, where she was released to her attorney.

"That wasn't very neighborly," she said of Rosenbaum, who lives across the street.

Between the Runways?

CINCINNATI (AP) — Arvin Saunders, manager of Greater Cincinnati Airport, also is a farm manager. The airport has 146 acres of pavement, but it also has 2,100 acres of farmland on which burley tobacco and blue grass are grown.

would pay 15 cents a ton into a fund to buy hospitalization insurance for the workers. They said there would be enough left over to form a retirement fund, too.

This violated the code by which miners have lived for years. There was no negotiation on the plan. The miners vetoed it.

Operators drilled coal from the mine, trucked it to the tippie and loaded it into freight cars.

Crowds of idle and angry miners packed the picket lines at the mine and the operators armed themselves in case violence broke out. State Police sent to the scene kept an uneasy peace.

The mine operation closed after two days.

The miners returned to their homes to brood. They have no money and unless they change their standards of values, they have no hope of getting any.

Westfall School Menu

MONDAY: Bologna Sandwich, Creole Limas, Carrot Strips, Apple Sauce, Milk.

TUESDAY: Meat Loaf, Buttered Corn, Celery and Carrots, Bread and Butter, Mixed Fruit, Milk.

WEDNESDAY: Coney Island Baked Beans, Tossed Salad, Fruit, Milk.

THURSDAY: Mashed Potatoes with Hamburger Gravy, Buttered Peas, Bread and Butter, Brownie, Milk.

FRIDAY: Fish with Tartar Sauce, Green Beans, Celery and Carrots, Bread and Butter, Apple, Milk.

NOVEMBER 12: Creamed Dried Beef on Biscuit, Buttered Peas, Cole Slaw, Bread and Butter, Cherries, Milk.

NOVEMBER 13: Cheeseburger, Dill Chips, Corn, Celery Strips, Fruit Jello, Milk.

SUPREME COURT JUDGE KINGSLEY TAFT FOR CHIEF JUSTICE

The Circleville Herald, Mon. November 5, 1962 5
Circleville, Ohio

Williamsport News

By Mrs. Donald McDill
Phone YU 6-3612

The Williamsport Junior Hi Methodist Youth Fellowship met Thursday evening in the Educational Building of the Church.

A film on "Wild Life" was shown to the group. Nancy Fenstermaker presided during the business meeting. David Schleich was in charge of the scripture.

Refreshments were served by Harold Tootle.

The Nov. 29 meeting will be held in the Church. A recreation meeting is planned.

Members of the Atlanta Junior High cage team are Carroll Lee Cook, Charles Long, Larry Keller, Wilson Puckett, Gary Watt.

Cheerleaders are Nancy Fenstermaker, Johnny Sue Gifford, Barbara McDill, Lynn Straley and Vicki Puckett, substitute.

Ruth Christopher, Diane Cook, Gail Huff and Rebecca Morris, Rosada Parett, substitute.

Robert Miller is the coach.

Johnson-Miner Post 618 will hold a Trap Shoot Nov. 11, 1962, on the

W. D. Radcliff farm north of Williamsport.

The Woman's Society of Christian Service will serve a lunch beginning at noon election day in the Educational Building of the Methodist Church.

A turkey dinner will also be served from 5 to 8 p. m. Election Day by the WSCS.

The Child Study League has changed its meeting to 8 p. m. Nov. 17 in the Educational Building of the church. A celebration of the group's 10th Anniversary is being planned. The meeting had previously been planned for Nov. 14, but a decision of members of the club was to change the meeting because of the Westfall School Booster Club meeting planned for Nov. 14 at Williamsport.

Moneyless Miners Fighting Losing Battle in Kentucky

PRESTONSBURG, Ky. (AP)—The people who live in the gloriously beautiful hills of eastern Kentucky are disheartened and discouraged.

Coal is their only crutch and the area's economy is sagging badly.

Large rail mines are doing fairly well, but they employ relatively few persons. The small coal industry, generally, contains three strata of humanity:

A few men of means who own coa. bearing land.

A larger number of men who rent the land or the coal rights on it and operate small mines. These men live lower middle class lives that sometimes are highly dangerous when troubles break out in the coal fields.

By far the largest majority of men are the mine workers. Many of them poor beyond belief.

When the price of coal drops, operators are forced either to decrease wages, cut off some fringe benefits or close their mines.

The miners quit work in protest if their demands are not met.

Out of jobs, they have no income. They go hungry.

The small operators, with only meager bankrolls on which to operate, feel the pinch.

The land owner, with no one renting from him, suffers also. But his loss is buried in the hunger and suffering of the others.

Into such a land came the government with a test program that gives food stamps to needy families. These may be cashed at grocery stores.

About 400 person in Floyd County are on relief rolls now. More are expected to join the program soon.

The current walkout of workers from truck mines began weeks ago when the United Mine Workers Union withdrew welfare cards. The union said it made the move because operators failed to pay royalties that support the welfare fund. The operators say they can't make the payments.

With all truck mines closed, a stalemate developed between the operators and the mine workers. To try to break this stalemate, the operators came up with a plan.

Last week they opened a small mining operation at Garth Hollow, about 16 miles from here. They also opened a tippie at Martin to grade the coal and load it into railroad cars.

The operators announced they

How Feuds Begin

MIAMI (AP) — If Mrs. Rita Oglesby was mad when Cal Rosenbaum parked his car on her trash pile, it was nothing compared to Rosenbaum's rage when Mrs. Oglesby tossed her trash in his car.

So Rosenbaum had Mrs. Iglesby arrested for malicious mischief and hauled off to jail, where she was released to her attorney.

"That wasn't very neighborly," she said of Rosenbaum, who lives across the street.

Between the Runways?

CINCINNATI (AP) — Arvin Saunders, manager of Greater Cincinnati Airport, also is a farm manager. The airport has 146 acres of pavement, but it also has 2,100 acres of farmland on which burley tobacco and blue grass are grown.

would pay 15 cents a ton into a fund to buy hospitalization insurance for the workers. They said there would be enough left over to form a retirement fund, too.

This violated the code by which miners have lived for years. There was no negotiation on the plan. The miners vetoed it.

Operators drilled coal from the mine, trucked it to the tippie and loaded it into freight cars.

Crowds of idle and angry miners packed the picket lines at the mine and the operators armed themselves in case violence broke out. State Police sent to the scene kept an uneasy peace.

The mine operation closed after two days.

The miners returned to their homes to brood. They have no money and unless they change their standards of values, they have no hope of getting any.

Westfall School Menu

MONDAY: Bologna Sandwich, Creole Limas, Carrot Strips, Apple Sauce, Milk.

TUESDAY: Meat Loaf, Buttered Corn, Celery and Carrots, Bread and Butter, Mixed Fruit, Milk.

Williamsport News

By Mrs. Donald McDill
Phone YU 6-3612

The Williamsport Junior Hi Methodist Youth Fellowship met Thursday evening in the Educational Building of the Church.

A film on "Wild Life" was shown to the group. Nancy Fenstermaker presided during the business meeting. David Schleich was in charge of the scripture.

Refreshments were served by Harold Tootle.

The Nov. 29 meeting will be held in the Church. A recreation meeting is planned.

Members of the Atlanta Junior High cage team are Carroll Lee Cook, Charles Long, Larry Keller, Wilson Puckett, Gary Watt.

Cheerleaders are Nancy Fenstermaker, Johnny Sue Gifford, Barbara McDill, Lynn Straley and Vicki Puckett, substitute.

Ruth Christopher, Diane Cook, Gail Huff and Rebecca Morris, Rosada Parett, substitute.

Robert Miller is the coach.

Johnson-Miner Post 618 will hold a Trap Shoot Nov. 11, 1962, on the

W. D. Radcliff farm north of Williamsport.

The Woman's Society of Christian Service will serve a lunch beginning at noon election day in the Educational Building of the Methodist Church.

A turkey dinner will also be served from 5 to 8 p. m. Election Day by the WSCS.

The Child Study League has changed its meeting to 8 p. m. Nov. 17 in the Educational Building of the church. A celebration of the group's 10th Anniversary is being planned. The meeting had previously been planned for Nov. 14, but a decision of members of the club was to change the meeting because of the Westfall School Booster Club meeting planned for Nov. 14 at Williamsport.

Ladies Aid Unit Elects New Officers

Ladies Aid of East Ringgold EUB Church met Thursday afternoon in the home of Mrs. Glen Justice, S. Court St. The Rev. Floyd Adams presided over the election of officers.

The meeting opened with group singing and a prayer by Mrs. Melvin Barr. Rev. Floyd Adams gave the devotion.

Officers elected were Mrs. Robert Frazier, president; Mrs. Wallace Peters, vice president; Mrs. Earl Peters, secretary; Miss Dorothy Barr, assistant secretary; and Mrs. Lewis Drum, treasurer; Mrs. Orwin Drum, assistant treasurer; Mrs. Ralph Dreisbach, assistant building fund treasurer; Mrs. Melvin Barr, chorister; Mrs. C. E. Compton, assistant chorister; Miss Dorothy Barr, pianist; Mrs. Glen Justice, news reporter; Mrs. Carl Morris, assistant news reporter.

Routine business was transacted. Mrs. Wallace Peters, presiding president, announced the Aid will serve at a stock sale Nov. 8.

A Christmas carry-in dinner meeting will be held in the home of Mr. and Mrs. John Peters, E. Franklin St. There will be a gift exchange.

Refreshments were served by the hostess.

Make-up Magic Shows How To Slim Face

By JOAN O'SULLIVAN

Want to appear pounds thinner? You can in a matter of minutes if you use make-up magic and fashion know-how to slim down the full lines of face and figure.

Here's how:

Rouge: If face is full, place rouge high on the natural curve of the cheek bones. Blend downward into the fullness of the cheek, then fade out toward the jawline.

Rouge acts as a shadow and, if properly applied, softens the fullness of a round face.

Eyebrows: If brows are straight, arch them high to give height and length to your face.

Do not pencil the corners downward. Instead, taper them out toward the temples in a natural line.

Lips: Give lips a wider appearance by brushing lipstick out to the corners and beyond.

Keep lips from looking round and, thereby, making your face appear rounder. Give them a normal and natural cupid's bow—not a high one!

Foundation: Shade the sides of the face and the jaws with foundation.

After applying your regular foundation shade, apply base that's one shade darker along the sides of the face and jaws. Blend it skillfully, so there is no line of demarcation.

This two-tone application will make the central length of your face lighter and the sides of your face darker. It creates the illusion that your face is longer and more oval.

Hairdo: Avoid coiffures that have downward lines, feature fullness at the sides or are flat at top. They make your face look fuller.

Choose a coiffure that gives you height and thus helps to lengthen your facial line. Side hair should be worn close to the head, not poufed out!

Jewelry: Large chunky jewelry will cause your face to appear wider and rounder. Avoid big button earrings. Steer clear of choker necklaces or jeweled collars.

Wear drop earrings or small earrings. Choose ropes of beads that hang in a "V" or "U" pattern.

Clothes: Don't wear bright colors, bold patterns and heavy or shiny fabrics. All add bulk to the full figure.

Avoid pleated or full skirts, fuzzy details, high or scoop necklaces.

Dark shades will make your figure look more slender. So will straight skirts and V-necklines.

If extra pounds are a problem, use make-up skillfully, choose clothes with care and you won't eliminate the negative but you will make it a lot less noticeable!

Dear Abby: Weddings Held under Water

by Abigail Van Buren

DEAR ABBY: Approximately 25 years ago, as a reporter, I covered (from the surface) a wedding in which all participants were clad in diving suits of the bulky, weighty type, with helmets and air hoses to the surface. The ceremony took place on the floor of Green Lake in the city of Seattle. The words of the ritual, along with the bubbles came to the surface over a loudspeaker. A crisis arose when the clergyman's vestments developed a small leak, but he managed to pronounce the happy couple man and wife before the situation became critical. I never did hear whether the marriage remained solid or was dissolved.

Sincerely,
WILFRED BROWN

DEAR ABBY: I recall reading about a couple from Atlanta, Georgia, who feel in love while diving, and wanted to be married under water. They had their underwater wedding, but the Methodist Bishop of Atlanta thought they should take "the plunge" in a more spiritual atmosphere, so he married them again, on land, the same day.

MIKE N.

DEAR ABBY: On March 8th, 1954, Bob Smith married Mary Beth Sanger at the Aquarena in San Marcos, Texas. This was, I am sure, the first underwater wedding on record. The bride's flowers, gown and veil had been waterproofed and so had the groom's tuxedo. Even the wedding cake and Bible were under water, so I suppose they were also waterproofed. They had bridesmaids and ushers just like a dry land wedding. The only difficult part was that they all had to have 25 pound

weights in their shoes to keep from floating around.

READ ABOUT IT

DEAR ABBY: I am 10 years old and want to get married on the moon. Do you think they will have a rocket ship that will get to the moon by the time I am old enough to get hitched?

NEAL S

DEAR NEAL: Hitch your wagon to a star, son. Your chances are good. (And if you have a sister, take her along. I understand there is a man in the moon.)

What's on your mind: For a personal reply, send a self-addressed, stamped envelope to Abby, Box 3365, Beverly Hills, Calif.

Ten Members Attend Meeting

Salem WCTU met Friday in the home of Mrs. Paul Hankins with 10 members and one visitor present.

Miss Mary Harpster, president, conducted the meeting. The group sang a hymn and for the Scripture, Phil. 2:3-18 was read, followed by salutes to the flags. Mrs. Ed Hinton gave the secretary's report and Miss Harpster gave a meditation, "Mastered by What." She also reported on the WCTU convention held in Columbus.

The meeting closed with the benediction. Refreshments were served by the hostess.

The December meeting will be held 1:30 p. m. in the home of Mrs. Merle McAfee, Route 1, Kingston.

GC Lecture, Demonstration To Be Presented

The Pickaway County Garden Club will present Mrs. James Jackson, of near Wilkesville in a flower arrangement lecture and demonstration at 8 p. m. Nov. 13. The meeting will be held in the social room of Circleville High School.

Mrs. Jackson is a popular flower show judge and instructor in flower arrangement art. She is a Nationally Accredited Amateur flower show judge for National Council of Garden Clubs Inc. and an Ohio Association judge also.

She was the Ohio candidate for the Sterling Bowl Tournament held in June at Jackson and Perkins Rose Gardens. She has conducted schools of arrangement in Ohio, Kentucky, West Virginia, North Carolina, Tennessee and New Mexico.

This past summer she studied under Bob Thomas of Nashville, Tenn. He is the author of the book "The New Modern in Flower Arrangement" which is said to be the only authoritative work available on modern and abstract floral design. Mrs. Jackson has been invited to do the comments on Thomas's upcoming book soon to be published.

Pickaway County garden club members are urged to bring at least one guest. Visitors are welcome. A nominal fee of fifty cents will be charged at the door for non-members.

Heading the hospitality committee will be Mrs. Virgil Cress. She will be assisted by Mrs. S. G. Measner, Mrs. J. O. Eagleson, Mrs. H. Miller Dunkel, Mrs. F. W. Anderson, Mrs. I. Smith Hulse and Mrs. Carson Horton.

Ladies Aid To Meet

Scioto Chapel Ladies Aid will meet 1:30 p. m. Thursday in the parish house.

Hostesses will be Mrs. Elzie Brooks, Mrs. Weldon Hill, Mrs. John Eitel and Mrs. Howard Younkin.

Calendar

MONDAY

ROUNTOWN GARDEN CLUB, 8 p. m. in the home of Mrs. Roger Roof, Ashville.

GENERAL MEETING OF WSCS, 8 p. m. in First Methodist Church social rooms.

MORRIS EUB LADIES AID, 2 p. m. in the home of Mr. Carl Anderson and Mrs. Minnie Kerns, Route 4.

CIRCLE NO. 1 of TRINITY Lutheran Church, 2 p. m. in the Parish House.

THURSDAY

WMU MISSION STUDY, 10 A. M. in First Baptist Church.

THURSDAY

SCIOTO CHAPEL LADIES AID, 1:30 p. m. in the parish house. BERGER HOSPITAL GUILD NO. 40, 8 p. m. in guild room of Berger Hospital.

BUSINESS AND PROFESSIONAL Women, 8 p. m. in First Methodist Church annex.

ASHVILLE GARDEN CLUB, 8 p. m. in the home of Mrs. Roger Hedges, Circleville Road.

NEWCOMERS' CLUB, 8 P. M. party room of Prairie Lanes.

Newcomers' Club Meeting Scheduled

The Newcomers' Club will meet 8 p. m. Thursday in the party room of Prairie Lanes.

Mrs. Keith Wagner will be the guest speaker with the topic, "Christmas and Thanksgiving Arrangements for the Home."

Mrs. Vernon Bell is chairman of the meeting.

Add both chili sauce and curry powder, in discreet doses to soft cheddar cheese for a different spread. Serve with crisp crackers.

Parents Honor Son with Party

Michael Anderson, son of Mr. and Mrs. Richard Anderson, 430 E. Franklin St., was honored recently with a surprise party given by his parents on his fifth birthday.

Guests attended the party masked and prizes were awarded to Tommy Anderson Jr., Philip Manson and Robin Manson.

Games were played and the honored guest opened his gifts. Ice cream, cake, kool-aid and candy was served.

The guest list also included Pamie Anderson, Mike and Melody Steeley, Gary Lee Wertman, Linda Carter, Marcia Mills, Carol and Karla Anderson, Mrs. Baldwin Anderson, Mrs. Philip Manson, Mrs. Daryl Thompson, Mrs. George Steeley and Mrs. Helen Wertman.

Mother's Club Meeting Slated

The Capital University Mothers' Club will meet 1 p. m. Friday in Troutman Hall on campus.

Dr. Thomas S. Ludlow, associate professor of speech, will direct the program. A debate will be held on the National Intercollegiate Debate Proposition, Miss Carolyn Chatten and Miss Starr Wolfe, Ohio champions 1960-61 will take the negative. James Coutz and James Lutz, Ohio champions 1961-62 will take the affirmative.

Mrs. Weldell Holt will give devotions.

Mrs. Harold Peters and Mrs. Luther Beck will greet guests. Mrs. Paul Brobst and Mrs. Grace Scheiderer will serve at the tea.

Guild 40 To Sponsor Kitchenware Party

Berger Hospital Guild No. 40 will sponsor a kitchenware Party 8 p. m. Thursday in the guild room of Berger Hospital.

Members of all the guilds are welcome or may place an order by calling GR 4-4570.

Ashville GC To Meet

Ashville Garden Club will meet 8 p. m. Thursday in the home of Mrs. Roger Hedges, Circleville Road.

Members will answer roll call with something for which they are thankful.

You can use packaged fine dry bread crumbs, corn meal or fine cracker crumbs as a coating for fried clams.

WOMEN PAST 21 WITH BLADDER IRRITATION

After 21, common Kidney or Bladder Irritations affect twice as many women as men and they make you tense and nervous from too frequent, burning or itching urination both day and night. Secondly, you may lose sleep and suffer from headaches, backache and feel old, tired, depressed. In such irritation, CYSTEX usually brings fast, relaxing comfort by curbing irritating germs in strong, acid urine and by analgesic pain relief. Get CYSTEX at drugists. Feel better fast.

Parents Honor
Son with Party

Michael Anderson, son of Mr. and Mrs. Richard Anderson, 430 E. Franklin St., was honored recently with a surprise party given by his parents on his fifth birthday.

Guests attended the party masked and prizes were awarded to Tommy Anderson Jr., Philip Manson and Robin Manson.

Games were played and the honored guest opened his gifts.

Ice cream, cake, kool-aid and candy was served.

The guest list also included Pamie Anderson, Mike and Melody Steeley, Gary Lee Wertman, Linda Carter, Marcia Mills, Carol and Karla Anderson, Mrs. Baldwin Anderson, Mrs. Philip Manson, Mrs. Daryl Thompson, Mrs. George Steeley and Mrs. Helen Wertman.

Mother's Club
Meeting Slated

The Capital University Mothers' Club will meet 1 p. m. Friday in Troutman Hall on campus.

Dr. Thomas S. Ludlow, associate professor of speech, will direct the program. A debate will be held on the National Intercollegiate Debate Proposition, Miss Carolyn Chattin and Miss Starr Wolfe, Ohio champions 1960-61 will take the negative. James Coutz and James Lutz, Ohio champions 1961-62 will take the affirmative.

Mrs. Weldell Holt will give devotions.

Mrs. Harold Peters and Mrs. Luther Beck will greet guests. Mrs. Paul Brobst and Mrs. Grace Scheiderer will serve at the tea.

Guild 40 To Sponsor
Kitchenware Party

Berger Hospital Guild No. 40 will sponsor a kitchenware party 8 p. m. Thursday in the guild room of Berger Hospital.

Members of all the guilds are welcome or may place an order by calling GR 4-4570.

Ashville GC To Meet

Ashville Garden Club will meet 8 p. m. Thursday in the home of Mrs. Roger Hedges, Circleville Road.

Members will answer roll call with something for which they are thankful.

You can use packaged fine dry bread crumbs, corn meal or fine cracker crumbs as a coating for fried clams.

BP Women To Meet
In Church Annex

Business and Professional Women will meet 8 p. m. Thursday in the First Methodist Church annex.

Membership and federation committees will direct the program.

Members are reminded to bring Christmas gifts for patients from Pickaway County who are at Athens State Hospital.

Stir foods in skillets or saucepans with a wooden spoon; a metal spoon will probably scratch the inside surface of the pan.

When cheese has a wax coating be sure to remove it from the portions you are going to use.

How Weather Looks Today

COLUMBUS, Ohio (AP)—Official Weather Bureau summary of Ohio's weather outlook:

Low pressure moving from the northwest southeastward across Ohio Sunday night produced considerable cloudiness and rain in all sections.

By early today, the low had moved into Virginia, resulting in winds over Ohio changing to north and sweeping cold air into the western sections.

Before dawn today, rain had already changed to snow flurries at Dayton and Cincinnati.

Today will be windy and colder over the entire state, with occasional snow flurries or rain changing to snow flurries.

Cold, dry weather is expected tonight and Tuesday, except for a chance of a few snow flurries near Lake Erie.

Temperatures early today included Columbus 37, Cincinnati 35, Marietta 39 and Cleveland 40.

OHIO FIVE DAY FORECASTS

NORTHERN OHIO — Gradual moderation of the unseasonably cold weather of the last few weeks expected, but temperatures for the next five days will still average four to six degrees below normal. Normal high 52-53, normal low 34-38. Cool through mid week, minor day-to-day temperature changes, followed by warming trend end of week. Precipitation will average one-tenth to two-tenths of an inch as scattered showers or melted snow flurries mid-week, again about end of week.

SOUTHERN AND CENTRAL OHIO — Temperatures will average around seven degrees below normal. Normal high 53-61, normal low 35-39. Cold at first, then gradual moderating trend. Precipitation will total less than one-tenth of an inch. Chance of light rains central Thursday.

Cullen Scheduled As Rally Speaker

The Sales Executives Club of the Columbus Area Chamber of Commerce will hold its once-a-year Sales Rally at 8 p. m. Nov. 27 at Veterans Memorial Auditorium. Highlighting the event will be Charles E. Cullen, one of the nation's top speakers for national and international conventions.

Cullen has personally trained more than fifty thousand business and professional men and women in the art of communications, motivation and effective management. Millions have heard him speak from appearances in 45 states and provinces in the U. S. and Canada, plus radio and TV guest spots in both countries.

He is presently serving his second term as chairman of the International Liaison Committee for Sales and Marketing Executives in New York City.

The Mekong River splits into three great arms in South Viet Nam to form a delta that is one of the world's foremost rice-producing regions.

JUDGE KINGSLEY TAFT
CHIEF JUSTICE

3.8 Million Ohio Voters Due at Polls

(Continued from Page 1)

A special grand jury called several weeks ago at DiSalle's request to investigate out-of-state allegations of influence peddling in 1959 in connection with the stocking of liquor brands in state stores is in recess until after the election.

DiSalle had an afternoon television question-and-answer session scheduled on several stations in major cities today, but Rhodes had no definite plans.

Lieutenant Governor: Republican State Sen. John W. Brown of Medina seeks to return to the post he held for two two-year terms. His opponent is John J. Gallagher, Cleveland businessman and former legislator.

Attorney General: William B. Saxbe, Mechanicsburg Republican, is seeking a comeback to the post he lost in the 1958 Democratic landslide. The Democrat is Robert E. Sweeney of Bay Village, son of the late U. S. Rep. Martin L. Sweeney.

Auditor: Lt. Gov. John W. Donahy, Alliance Democrat and son of the late one-time auditor A. Vic Donahy, is opposed by the son of another late one-time auditor, Republican Roger W. Tracy, Columbus, former state treasurer and son of the late Joseph T. Tracy.

Secretary of State: Republican Ted W. Brown of Columbus, veteran secretary of state since 1950, is opposed in his bid for another four-year term by a former Canton mayor, Democrat Charles L. Babcock.

Treasurer: Thomas E. Ferguson, Columbus Democrat and son of the present treasurer, Joseph T. Ferguson, seeks to succeed his father. His Republican opponent is John D. Herbert of Columbus, son of former Gov. Thomas J. Herbert who is retiring from the Ohio Supreme Court.

These Supreme Court races are on the ballot. Nominees were chosen in party primaries, but they will be on a nonpartisan ballot Tuesday.

The races: Chief Justice: Democrat Carl V. Weyandt of Lakewood, Ohio's chief justice since 1933, has drawn as his most rugged opposition in years Republican Kingsey A. Taft of Columbus, a member of the court since 1949. Taft was re-elected to the court two years ago for a six-year term.

Court Term Beginning Jan. 1: John M. Matthias, Republican member of the court since 1954, faces opposition by Democrat James J. Mayer of Mansfield, Common Pleas Court judge in Richland County.

Court Term Beginning Jan. 2: Paul M. Herbert of Columbus, former Republican lieutenant governor, is a candidate to succeed Republican Thomas J. Herbert who is retiring. They are not related. Springfield Municipal Court Judge Richard T. Cole is the Democratic nominee.

Control of the General Assembly is at stake in Tuesday's election. All seats in the House are up for grabs with Republicans expected to retain their majority. Only 19 of the 33 Senate seats are at stake. It appears possible Senate control may hinge on a single vote.

USE THE CLASSIFIEDS

International Influences Dominate Business

NEW YORK (AP)—International influences have been dominating the nation's business scene.

They ranged from the continuing Cuban crisis to plans for peaceful trading with nations abroad.

And on the domestic front there was controversy over whether the employment situation is improving, and renewed calls for an income tax cut to get the economy rolling.

Cooling off of the Cuban crisis at the week's start eased anxieties about what hostilities would mean for business and the economy as a whole.

Soviet Premier Khrushchev's agreement to remove missiles from Cuba brought a spurt to the stock market, which had slumped the previous week when war possibilities were at their peak.

The convention of the National Foreign Trade Council in New York served as a sounding board for much of the talk about how this country can improve its trade with other nations and correct the imbalance of international dollar payments.

Secretary of Commerce Luther H. Hodges told the 2,000 international businessmen attending that industry and the government must cooperate closely if there is to be an improvement in foreign trade.

"If we can have hand-in-hand help from business in the negotiations ahead, if we can have hand-in-hand effort by industry to make itself more competitive, the new trade act will be the vehicle for economic growth and a stronger position abroad," Hodges said.

Replying, Chairman Leo D. Welch of Standard Oil Co. (New Jersey) promised industry support but said, "We must have economic policies which create a climate for investment and growth."

These statements came against a background of rather spotty reports on the subject. The Federal Reserve Board reported that the U. S. balance of payments deficit turned down sharply in the July-September quarter. The payments deficit reached an annual rate of \$2.6 billion against \$872 million in the preceding three months and \$1.8 billion for the first nine months. However, the Commerce Department said civilian exports in September exceeded exports by \$1,935,900,000 to \$1,467,800,000 a bigger margin than in August.

Hodges said at the foreign trade convention that while the economy is expected to accelerate in a year to 18 months when effects of new 1962 tax rules are felt, federal tax cuts will be needed to give business a real shot in the arm.

Also speaking out for income tax reductions were Walter R. Heller, chief economic adviser to President Kennedy, and Per Jacobson, head of the International Monetary Fund.

The newest unemployment figures raised a dispute between the administration and Republicans. The total number of idle declined in October by 218,000 to 3,294,000 but the rate was 5.5 per cent of the work force. Secretary of Labor W. Willard Wirtz said the job situation was substantially better than when Kennedy took office in January 1961. But the Republican National Committee retorted that the rate was the same as in September 1960, when Kennedy, as a candidate, was critical of the unemployment situation.

U. S. Steel Corp., as expected, cut its quarterly dividend rate to 50 cents from 75 cents, becoming the fifth major steel company to

slice its dividend in recent months.

Despite the poor earnings showing of the steel industry, corporate profits generally appeared

for a record this year. Third-quarter reports by 518 companies showed a nine per cent increase over

the 1961 third quarter. General Motors Corp., the nation's biggest manufacturer, posted record earnings of \$962 million and record sales of \$10.45 billion for the first nine months.

With sales booming, the fourth quarter looked like another good one for the automobile industry. It seemed likely that sales of new passenger cars in October may have exceeded the all-time monthly record of 702,500 set in April 1955.

Production in October soared to a new high of 728,367 cars for the month. Output during the week was estimated at 165,000, about the same as the previous week, but far above the 152,940 a year.

Steel production attained a five-month high during the week in its first gain in four weeks. Mills turned out 1,768,000 tons, up 1.7 per cent from the previous week.

Stock sales for the week totaled 20,072,955 shares, down from the 25,062,260 of the previous week but above the 17,949,230 for the comparable week of last year. Bond sales amounted to \$23,899,000 par value, below the \$30,673,000 of the previous week and the \$30,237,000 for the comparable 1961 week.

GOP Is Hoping To Seat More State Chiefs

(Continued from Page 1)

Local correspondents give the Democrats a small margin in efforts to hold on to the statehouses in California, Colorado, Connecticut, Ohio, North Dakota and Texas. They list greater certainty of retaining executive offices in Rhode Island, Maryland, Nevada and Alaska.

Democratic retention of the governorships of Alabama, Arkansas, Georgia, South Carolina and Tennessee is certain.

Only in New Mexico do the Democrats seem to have a good chance to turn out a Republican governor.

The governor races in New York, California, Pennsylvania and Michigan are drawing the lion's share of attention from both Republicans and Democrats.

In New York, GOP Gov. Nelson A. Rockefeller probably has to win big over Robert M. Morgenthau to preserve his position as a top prospect for the 1964 party nomination to oppose Kennedy.

In California, former Vice President Richard M. Nixon is staking his political life on the outcome of his battle with Democratic Gov. Edmund G. Brown.

In Pennsylvania, Rep. William W. Scranton could make himself a rising star in the Republican party by winning the governorship in his race against Democrat Richardson Dilworth.

In Michigan, George Romney, the former compact car man, could rise to challenge Rockefeller and others for the prize two years from now with a victory over Democratic Gov. John B. Swainson.

In Senate races, local oddsmakers credit the Democrats with varying possibilities of winning present Republican seats in Connecticut, Kentucky, Maryland, South Dakota, Utah and Wisconsin.

Republicans also have chances of knocking off Democrats in Colorado, Pennsylvania and Wyoming. The signs are so jumbled in all nine of these states that the Senate outcome could be almost a dead heat if allowances were made for possible upsets in other close contests. Democrats now control the Senate by a 64-36 margin.

The rundown on House contests gives the Republicans almost no hope of winning control or that body. They might pick up a half-dozen seats but that would still leave them on the short end of a 255-180 count.

Chamber To Name Its New Directors

New directors for coming terms will be announced Tuesday when the Circleville Area Chamber of Commerce Board meets at noon for a regular monthly session.

Balloting for the new officials was completed last month. The luncheon session will be at Benny's Restaurant.

President Charles Schieber said committee reports will be included on the business agenda.

Anniversary of Army Defeat in Ohio Recalled

CINCINNATI, Ohio (AP)—Sunday marked the anniversary of one of the worst defeats ever suffered by the U.S. Army.

It happened just north of here in 1791 when Gen. Arthur St. Clair's force of 1,400 green troops was overwhelmed by braves of Miami Chief Little Turtle. The Indians attacked just before dawn and, after battling stubbornly for three hours, the soldiers fled in panic. Nearly half the soldiers were scalped.

Behind-the-Scenes Story

U.S. Intelligence Agents Kept Close Watch on Cuba

EDITOR'S NOTE — This fourth article of Relman Morin's five-part series on the Cuban crisis tells how the United States pieced together evidence of the Soviet military buildup.

By RELMAN MORIN

WASHINGTON (AP) — Imagine a strip of photographic film, 20 to 30 feet wide, some six miles long.

Cut in sections, it is stretched across the floor. Photo analysts, on hands and knees, crawl around on the pictures, peering at them through stereomicroscopes, special magnifying glasses. The technicians note any detail of change in terrain. More especially, they look for objects on the sites that weren't there yesterday.

They chart the birth of a crisis, a Soviet nuclear threat to the United States swiftly taking shape on Cuban bases.

Beginning Monday, Oct. 15, says a chief of intelligence, American pilots flew six and seven photo reconnaissance missions over Cuba daily.

"We blanketed the island," he says.

The planes brought back miles of film.

Today, you look at a sequence of pictures taken above a missile site. The first shows empty country. Then, apparently out of thin air, construction becomes visible in succeeding days—anti-aircraft, a half-completed security fence, prefabricated concrete

aches, a batch plant for making cement, launching pads, fire control bunkers, an earth-molded structure, revetments.

It was this evidence that impelled President Kennedy to declare a quarantine on shipments of offensive weapons to Cuba, and to demand the dismantling of the missile sites already built.

Republicans have attacked Kennedy on the ground that he acted too slowly.

But a top intelligence agent gives this version:

Late August — Cuban refugees report the arrival of Soviet tech-

nicians in Cuba and the erection of rocket launchers. The refugees are carefully interrogated. Checks on the sites show they are surface-to-air launchers, and "cruise sites," coastal missile artillery. Their range is too short to reach the United States.

Mid-September—A U2 plane belonging to the Chinese Nationalists on Formosa is shot down over Communist China. U2 flights over Cuba are suspended "until we could learn what brought down the plane in China."

Late September—"We began to be uneasy because of the large numbers of Russian ships coming to Cuba. They never carried missiles on deck, always in the holds. This became apparent after."

Sept. 28—A photo of a Soviet freighter shows some large crates on deck. In the picture, they look cylindrical, like miniature non-set huts. Evaluation indicates they are probably Ilyushin 28s, a Soviet light bomber, with a range of 750 miles. These crates are unloaded in remote ports, not Havana, and solely by the Russians, not the Cubans.

Late Sept. to Oct. 1—Cuban refugees report heavy night-time truck traffic on the highways.

Early October—bad weather and clouds over Cuba cause a second suspension of the reconnaissance flights.

Oct. 14—A photo mission reveals sites under construction. They are for medium rocket, range 1,000 miles, and for intermediates, range 2,000 miles. On the same day, pictures are taken of the cylindrical crates, seen Sept. 28 on the freighter, now at San Juli-ano airport. Now it is confirmed that the assembly for the IL-28s was in the crates. The missiles and the bombers are offensive weapons.

Oct. 15—These photographs are evaluated in the early evening. They touch off the train of events that led to the quarantine.

"I think, but I can't prove absolutely, that the Russians started the construction work about Oct. 10 or 11," he says.

By Oct. 19, at San Diego Los Banos, photographs showed 7 missiles, 4 erectors, 100 vehicles, and tents for 500 men. The base became operational in three days, the officer said.

The Soviet objective was described as "a rapid secret simultaneous deployment" of the missile bases.

"In this day and age," the officer observed, "even the rapid development of a weapons site is a causable belli." (provocation to war.)

Before the end of the week of Oct. 15, the evidence was clear. The President was preparing to present it in his statement ordering the quarantine. Kennedy was ready to make it on Sunday, Oct. 21, but Secretary of State Dean

in 1626, P. Schaghen wrote a letter to the king of the Netherlands, containing the only written record of the purchase of Manhattan Island from the Indians.

In 1757, the Prussians defeated the French and Austrians in the Battle of Rossbach.

In 1872, Susan B. Anthony voted at Rochester, N.Y., only to be prosecuted later for illegal voting.

In 1942, Broadway song and dance man George M. Cohan, 64, died of cancer.

Today's birthdays: Academy Award winning actress Vivien Leigh is 49. Author Wil Durant is 77.

Thought for today: All ambitions are lawful except those which limit a pound on the miseries or credulities of mankind—Joseph Conrad.

TODAY In History

Today is Monday, Nov. 5, the 209th day of 1962. There are 56 days left in the year.

Today's highlight in history: On this day in 1605, a conspiracy to blow up the British Parliament was discovered before it could succeed. The day is observed in England as Guy Fawkes Day.

In 1626, P. Schaghen wrote a letter to the king of the Netherlands, containing the only written record of the purchase of Manhattan Island from the Indians.

In 1757, the Prussians defeated the French and Austrians in the Battle of Rossbach.

In 1872, Susan B. Anthony voted at Rochester, N.Y., only to be prosecuted later for illegal voting.

In 1942, Broadway song and dance man George M. Cohan, 64, died of cancer.

Today's birthdays: Academy Award winning actress Vivien Leigh is 49. Author Wil Durant is 77.

Thought for today: All ambitions are lawful except those which limit a pound on the miseries or credulities of mankind—Joseph Conrad.

The World Today

WASHINGTON (AP)—The most interesting result of Tuesday's elections should be the effect—if any — on President Kennedy's handling of Congress the next two years.

For three reasons:

1. It's been a dull campaign, without burning issues. Then the Cuban crisis snowed it under.

2. Kennedy will be laying the foundations for himself to run again in 1964.

3. The new Congress will probably be like the old: highly conservative, even though run by his own Democrats.

Predictions run like this:

The Democrats may keep their present Senate margin—64 to 36—and even pick up one or two seats; in the House—where they outnumber Republicans 263 to 174—they may lose a few seats.

That's not much change. A Senate pretty much the same and a House with just a few more Republicans won't make any noticeable difference in their attitude toward Kennedy programs.

The attitude has been strong support on foreign issues and, in this fairly prosperous society, defeats or melting down on many domestic ones.

It was easy to get the impression from Kennedy's campaign oratory that this present Congress

was one of the great ones. He glossed over his defeats.

The campaign's biggest unanswered mystery, if this was such a whiz-bang Congress, was why he felt he needed even more Democrats elected.

Even though the new Congress probably will be much like the old one, Kennedy will have to examine his approach to it. The way it treats his programs may affect his own chances for re-election in 1964.

So far he has been an arm-twister to get Congress to go along with him, either by direct appeals or through his aides.

He has deliberately avoided personal conflicts with the men thwarting him (this was former President Eisenhower's technique) and he generally refrained from broadcast appeals to get the public to pressure Congress.

If he continues to use the same mild technique the results should be about the same because the men in Congress will be pretty much the same.

dealings — particularly with appeals for public support — could have unpredictable results unpalatable to Kennedy who has played very careful politics.

In the end what the new Congress does, or doesn't do, on domestic issues may not count much in the next presidential election.

It's the way he handles foreign affairs these next two years which may shape Kennedy's political future.

So far he has been an arm-twister to get Congress to go along with him, either by direct appeals or through his aides.

SPORTS

The Circleville Herald, Mon. November 5, 1962 9
Circleville, Ohio

John Pharr CHS Player of Week

JOHN PHARR

John Pharr, junior offensive end for Circleville, was given a 2.64 rating by the CHS football coaching staff and named player of the week for Friday's performance in the Tiger-Miami Trace game.

Carl Benhase, Tiger coach, said Pharr played his best game of the season. Films indicated that the 165 pound end did an excellent job of opening the off tackle hole on his own side of the line.

The Tiger mentor noted that Pharr didn't miss a single block during the entire contest.

His nine yard pass catch that gave Circleville a first down near midfield on the second touchdown drive was one of the key plays of the game. Pharr was graded for his offensive play.

LARRY ADAMS was rated high again, receiving a 2.51 for his overall play. Freddie Moore and Dave Hannahs had a 2.45, Garold Dade a 2.42, Tom Copland a 2.41 and Duke Fyffe a 2.39.

All the Tiger regulars were graded 2.0 or above again this week. John Hatcher, who replaced Ray Taylor at defensive middle guard, was given a 2.32. It was only the fiery grider's second game of the season.

Taylor sprained his ankle on the opening kickoff of the game. Benhase said the injury was not serious and the Tiger center and place kicking specialist should be going at top speed by the middle of the week.

The Tigers this week will prepare for the final game of the season when they host Franklin Heights Friday.

The Tiger coach noted that Circleville grid fans could expect a lot of aerial fireworks in the tilt. The scouting report indicates the Franklin county team uses practically a pro-type offense. The Falcon quarterback fills the air with passes.

Benhase today expressed thanks to the Ladies Auxilliary of the Cir-

Darby Trojans Down Ohio Deaf, 65-59

Darby High School won its first home game of the season Saturday, beating Ohio Deaf 65-59.

Freshman Danny Bowen paced the Trojan win, hitting 12 field goals and four charity tosses for a total of 28 points.

Returning letterman and co-captain Charles Brown hit nine field goals for 18 points. Darrell Caudill, Darby's other co-captain, dropped in five from the field and three from the charity stripe for 13.

Ned Reichelderfer, Trojan, coach, said that the Ohio Deaf quintet was a much improved team this year. The two teams met in the final game of the season last year and Darby won easily.

The big guns in the Ohio Deaf attack were Bragg with 18 points on eight field goals and two free throws, Evans and Bradley with 16 each.

From the field the Trojans connected on 30 of 68 attempts. They led throughout the contest, 15-11 at the end of the first period, 28-24 at the half and 54-45 as the final period started.

The Darby reserves made it a perfect opening night, winning 25-20.

Friday the Trojans travel to Kingstown for a cage tilt.

Darby: Tracey, 2-0-4; Games, 1-0-2; Brown, 9-0-18; Bowen, 12-4-28; Caudill, 5-3-13; Total, 29-7-65.
Ohio Deaf: Bragg, 8-2-18; Carpenter, 0-1-1; Huebner, 1-0-2; Evans, 7-2-16; Harper, 2-2-6; Bradley, 7-2-16; Total, 25-9-59.
Score by Qtrs. 1 2 3 Total

Darby 15 34 54 65
Referee: Laughlin and B. Ankrom
Reserve Game Darby 25, Ohio Deaf 20

23 Tiger Cage Hopefuls at Opening Drill

Paul Reiss, head basketball coach at Circleville High School, announced that 23 cage hopefuls turned out for the first practice session last week.

Of the 23, only one is a returning letterman. Bob Waple, a 6-foot 3-inch senior, was a member of last year's varsity squad.

Reiss noted that approximately 25 more boys will be practicing following the final football game Friday.

He expects about 12 of this group to be juniors and seniors. Several will be returning lettermen.

The Tiger cage mentor reported that he was disappointed in that only four freshmen have turned out for practice, although he expects several more to be added to the list following the grid season.

Circleville's first basketball game will be at Lancaster Nov. 24. Five seniors, two juniors, 12 sophomores and four freshmen appeared for the first practice. They are:

Seniors — George Trego, Frank Mace, Bob Diltz, Pete DeNeef and Bob Waple.

Juniors — Tom Smith and Dave Green.

Sophomores — Peter Wills, Terry Campbell, Kenny Dewey, Doug Roth, John Thomas, James Crabtree, Butch Ford, Ronnie Seward, Jim Woods, John Maxwell, Doug

Faint Glimmer of Light Appears in Bowl Picture

By THE ASSOCIATED PRESS

A bowl is sometimes a household utensil which is used to contain soup or leftovers and occasionally as a hiding place for small change saved from the house money.

Sometimes, however, it is a very large stadium which is used to contain college football teams—and its a long, long way from being a small change operation.

In respect to the second type, an unlikely series of upsets last weekend helped focus a faint glimmer of light through the muddy, soupy uncertainty surrounding which teams are likely to get

Browns' QB Unhappy with 14-14 Tie

CLEVELAND (AP) — Unhappiest of the Cleveland clan, after Sunday's unsatisfactory 14-14 deadlock with the Philadelphia Eagles, was Brown quarterback Frank Ryan—who outtrushed all the enemy ball carriers.

Making his first start as a replacement for injured Jim Nowski, the 200-pound 6-foot-3 Texan gained 85 yards in nine carries, scored a touchdown and completed 10 of 23 passes for 119 yards. The Eagles rushed for 65.

"I'm not being paid to run—I'm paid to pass, and I didn't do it too well," Ryan said. "I have no excuse, for I've thrown a wet ball before."

The Browns dropped 1½ games behind the New York Giants in the National Football League's Eastern Division.

Sunday's game was a frustrating one for both sides. Each team had three passes intercepted, each lost a fumble, the Eagles' Bobby Walston missed two field goals—one in the last second from 41 yards — and the Browns' Lou Groza missed three.

Grand Rapids '11' Leads United Loop

By THE ASSOCIATED PRESS

Grand Rapids, the defending United Football League champion which got off to a slow start, won its fifth game in a row and, coupled with Indianapolis' third straight loss, moved into the lead this weekend in the loop's Western Division.

The Blazers, with fullback Emil Caprara getting 20 points, defeated Louisville 38-7, and Indianapolis, staggering without the services of its injured quarterback, Carl Mobley, fell before Wheeling 34-19.

In other games, Eastern Division leader Columbus had its margin cut to one game as Toledo surprised the Caps 17-7, and in a battle of last-place teams Cleveland downed Chicago 13-2.

Price, John Jefferies.

Freshmen — Gary Hughes, Rory Gregg, Richard Fuhrman, Larry Morgan.

bids for the New Year's classics. There doesn't appear to be room for leftovers.

Ohio State, Purdue and Michigan State fell victim to full-blown upsets in the Big Ten, which made Northwestern (6-0) look big as the visiting team in the Rose Bowl. Southern California (6-0) whipped Washington 14-0, probably its biggest hurdle. It gave the Trojans the inside track as the host team.

In the South, Alabama (7-0) and Mississippi (6-0) emerged as the dominant teams in the scramble for berths in the Orange, Sugar, and Gator bowls. Alabama, defending national champion, unbeaten in 25 games and currently rated second in the nation, rolled over Mississippi State 29-0 while Ole Miss beat Louisiana State 15-7.

The Big Eight winner gets a spot in the Orange, and it now looks like a fight between Missouri and onrushing Oklahoma. Missouri (6-0-1) upended previously unbeaten Nebraska 16-7 while Oklahoma (4-2) but unbeaten in the conference, hammered Colorado 62-0. Their struggle for the No. 1 spot probably will be resolved in their game Nov. 17.

Texas regained the top spot in the Southwest Conference with a 6-0 edge over Southern Methodist. The Longhorns' 3-0-1 conference mark gives them the lead in the competition for the Cotton Bowl host, but Arkansas, 17-7 victors over Texas A&M, and Texas Christian, 28-26 winners over Baylor, are still in the running with 2-1.

In the East, bowl-minded coach Paul Dietzel got his Army team (6-1) past Boston University 26-0. The Orange Bowl has expressed interest in the Cadets, who have yet to play Pitt and Navy. Dartmouth remained unbeaten with a 9-0 triumph over Yale while Penn State beat Maryland 23-7.

Northwestern got another outstanding performance from sophomore quarterback Tom Myers in a 26-21 victory over surprisingly tough Indiana. Myers completed 16 of 26 passes for 243 yards and two touchdowns. Northwestern, currently ranked the top team in the nation, is shooting for its first Big Ten title in 26 years, but still has to face bruisers Wisconsin and Michigan State.

Wisconsin warmed up for its Saturday clash with the Wildcats with a 34-12 rout of Michigan. Michigan State fell before Minnesota 28-7 in one of the conference shockers. Iowa eliminated defending champion Ohio State from ti-

Ragan Is Winner Of Beaumont Test

BEAUMONT, Tex. (AP)—Dave Ragan put his second shot 18 inches from the pin on the 16th hole and won his second tournament in a seven-year golfing career—the \$20,000 Beaumont Invitational.

It was this shot plus a book by Lionel Hebert on the same hole that proved the turning point Sunday in a tournament that saw Ragan finish with a 2-under-par 70 for 72-hole score of 283 and \$2,800 first money.

the consideration 28-14 and Illinois snapped a 15-game losing string, 14-10, at the expense of Purdue.

The upsets, which included Florida's 22-3 rout of previously unbeaten Auburn, left only six major teams on the unbeaten, untied list: Northwestern, Southern California, Dartmouth, Mississippi, Alabama and Ohio University.

Georgia Tech, still in the running in the South, got a touchdown and two field goals from Billy Lothridge in a 20-9 triumph over Duke. Oregon State edged Washington State 18-12 in one of the key Far West games.

Lady Drivers Win Argentine Grand Prix

BUENOS AIRES (AP)—A pair of pretty Swedish blondes, Ewy Rosquist and Ursula Wirth, have left a trail of broken records and crushed male egos in Argentina with a stunning victory in the 11-day, 2,762-mile Argentine Grand Prix for standard cars.

"We did it for the women of Argentina," Mrs. Rosquist beamed at a celebration Sunday night after she and her codriver finished pushing their big Mercedes Benz 220 SE at an average of nearly 79 miles an hour in the sixleg race over rutted, unpaved roads.

And about the men? "They were extraordinarily nice," said the 33-year-old Ewy, choosing to ignore one incident where she was neatly pinched and responded by smacking her roadside admirer across the chops with a key chain.

"Actually, the drivers with us (the some 150 male competitors who chased them full throttle from town to town all 11 days) have been very nice. They were quite protective," said Mrs. Rosquist, and Miss Wirth nodded her agreement.

"They have been most helpful," she said, choosing to disregard a report reaching her homeland in Sweden the other day that she had christened a somewhat indiscreet mechanic by clipping him with a wrench.

The Circleville Herald, Mon. November 5, 1962
Circleville, Ohio

John Pharr CHS Player of Week

JOHN PHARR

John Pharr, junior offensive end for Circleville, was given a 2.64 rating by the CHS football coaching staff and named player of the week for Friday's performance in the Tiger-Miami Trace game.

Carl Benhase, Tiger coach, said Pharr played his best game of the season. Films indicated that the 165 pound end did an excellent job of opening the off tackle hole on his own side of the line.

The Tiger mentor noted that Pharr didn't miss a single block during the entire contest.

His nine yard pass catch that gave Circleville a first down near midfield on the second touchdown drive was one of the key plays of the game. Pharr was graded for his offensive play.

LARRY ADAMS was rated high again, receiving a 2.51 for his over-all play. Freddie Moore and Dave Hannahs had a 2.45, Garold Dade a 2.42, Tom Copland a 2.41 and Duke Fyffe a 2.39.

All the Tiger regulars were graded 2.0 or above again this week. John Hatcher, who replaced Ray Taylor at defensive middle guard, was given a 2.32. It was only the fiery griddler's second game of the season.

Taylor sprained his ankle on the opening kickoff of the game. Benhase said the injury was not serious and the Tiger center and place kicking specialist should be going at top speed by the middle of the week.

The Tigers this week will prepare for the final game of the season when they host Franklin Heights Friday.

The Tiger coach noted that Circleville grid fans could expect a lot of aerial fireworks in the tilt. The scouting report indicates the Franklin county team uses practically a pro-type offense. The Falcon quarterback fills the air with passes.

Benhase today expressed thanks to the Ladies Auxilliary of the Cir-

Darby Trojans Down Ohio Deaf, 65-59

Darby High School won its first home game of the season Saturday, beating Ohio Deaf 65-59.

Freshman Danny Bowen paced the Trojan win, hitting 12 field goals and four charity tosses for a total of 28 points.

Returning letterman and co-captain Charles Brown hit nine field goals for 18 points. Darrell Caudill, Darby's other co-captain, dropped in five from the field and three from the charity stripe for 13.

Ned Reichelderfer, Trojan coach, said that the Ohio Deaf quintet was a much improved team this year. The two teams met in the final game of the season last year and Darby won easily.

The big guns in the Ohio Deaf attack were Bragg with 18 points on eight field goals and two free throws, Evans and Bradley with 16 each.

From the field the Trojans connected on 30 of 68 attempts. They led throughout the contest, 15-11 at the end of the first period, 28-24 at the half and 54-45 as the final period started.

The Darby reserves made it a perfect opening night, winning 25-20.

Friday the Trojans travel to Kingston for a cage tilt.

Darby: Tracey, 2-0-4; Garmes, 1-0-2; Brown, 9-0-18; Bowen, 12-4-28; Caudill, 5-3-13. Total, 29-7-65.
Ohio Deaf: Bragg, 8-2-18; Carpenter, 0-1-1; Huebner, 1-0-2; Evans, 7-2-16; Harper, 2-2-6; Bradley, 7-2-16. Total, 23-5-59.
Score by Qtrs. 1 2 3 Total
Ohio Deaf 11 28 45 84
Darby 15 34 54 65
Referee: Laughlin and B. Ankrom

23 Tiger Cage Hopefuls at Opening Drill

Paul Reiss, head basketball coach at Circleville High School announced that 23 cage hopefuls turned out for the first practice session last week.

Of the 23, only one is a returning letterman. Bob Waple, a 6-foot 3-inch senior, was a member of last year's varsity squad.

Reiss noted that approximately 25 more boys will be practicing following the final football game Friday.

He expects about 12 of this group to be juniors and seniors. Several will be returning lettermen.

The Tiger cage mentor reported that he was disappointed in that only four freshmen have turned out for practice, although he expects several more to be added to the list following the grid season.

Circleville's first basketball game will be at Lancaster Nov. 24. Five seniors, two juniors, 12 sophomores and four freshmen appeared for the first practice. They are:

Seniors — George Trego, Frank Mace, Bob Diltz, Pete DeNeef and Bob Waple.

Juniors — Tom Smith and Dave Green.

Sophomores — Peter Wills, Terry Campbell, Kenny Dewey, Doug Roth, John Thomas, James Crabtree, Butch Ford, Ronnie Seward, Jim Woods, John Maxwell, Doug

Faint Glimmer of Light Appears in Bowl Picture

By THE ASSOCIATED PRESS

A bowl is sometimes a household utensil which is used to contain soup or leftovers and occasionally as a hiding place for small change saved from the house money.

Sometimes, however, it is a very large stadium which is used to contain college football teams—and its a long, long way from being a small change operation.

In respect to the second type, an unlikely series of upsets last weekend helped focus a faint glimmer of light through the muddy, soupy uncertainty surrounding which teams are likely to get

Browns' QB Unhappy with 14-14 Tie

CLEVELAND (AP) — Unhappiest of the Cleveland clan, after Sunday's unsatisfactory 14-14 deadlock with the Philadelphia Eagles, was Brown quarterback Frank Ryan—who outrushed all the enemy ball carriers.

Making his first start as a replacement for injured Jim Ninkowski, the 200-pound 6-foot-3 Texan gained 85 yards in nine carries, scored a touchdown and completed 10 of 23 passes for 119 yards. The Eagles rushed for 65.

"I'm not being paid to run—I'm paid to pass, and I didn't do it too well," Ryan said. "I have no excuse, for I've thrown a wet ball before."

The Browns dropped 1½ games behind the New York Giants in the National Football League's Eastern Division.

Sunday's game was a frustrating one for both sides. Each team had three passes intercepted, each lost a fumble, the Eagles' Bobby Walston missed two field goals—one in the last second from 41 yards—and the Browns' Lou Groza missed three.

Grand Rapids '11' Leads United Loop

By THE ASSOCIATED PRESS

Grand Rapids, the defending United Football League champion which got off to a slow start, won its fifth game in a row and, coupled with Indianapolis' third straight loss, moved into the lead this weekend in the loop's Western Division.

The Blazers, with fullback Emil Caprara getting 20 points, defeated Louisville 38-7, and Indianapolis, staggering without the services of its injured quarterback, Carl Mobley, fell before Wheeling 34-19.

In other games, Eastern Division leader Columbus had its margin cut to one game as Toledo surprised the Caps 17-7, and in a battle of last-place teams Cleveland downed Chicago 13-2.

Price, John Jefferies.

Freshmen — Gary Hughes, Roger Gregg, Richard Fuhrman, Larry Morgan.

bids for the New Year's classics. There doesn't appear to be room for leftovers.

Ohio State, Purdue and Michigan State fell victim to full-blown upsets in the Big Ten, which made Northwestern (6-0) look big as the visiting team in the Rose Bowl. Southern California (6-0) whipped Washington 14-0, probably its biggest hurdle. It gave the Trojans the inside track as the host team.

In the South, Alabama (7-0) and Mississippi (6-0) emerged as the dominant teams in the scramble for berths in the Orange, Sugar, and Gator bowls. Alabama, defending national champion, unbeaten in 25 games and currently rated second in the nation, rolled over Mississippi State 29-0 while Ole Miss beat Louisiana State 15-7.

The Big Eight winner gets a spot in the Orange, and it now looks like a fight between Missouri and onrushing Oklahoma. Missouri (6-0-1) upended previously unbeaten Nebraska 16-7 while Oklahoma (4-2) but unbeaten in the conference, hammered Colorado 62-0. Their struggle for the No. 1 spot probably will be resolved in their game Nov. 17.

Texas regained the top spot in the Southwest Conference with a 6-0 edge over Southern Methodist. The Longhorns' 3-0-1 conference mark gives them the lead in the competition for the Cotton Bowl host, but Arkansas, 17-7 victors over Texas A&M, and Texas Christian, 28-26 winners over Baylor, are still in the running with 2-1.

In the East, bowl-minded coach Paul Dietzel got his Army team (6-1) past Boston University 26-0. The Orange Bowl has expressed interest in the Cadets, who have yet to play Pitt and Navy. Dartmouth remained unbeaten with a 9-0 triumph over Yale while Penn State beat Maryland 23-7.

Northwestern got another outstanding performance from sophomore quarterback Tom Myers in a 26-21 victory over surprisingly tough Indiana. Myers completed 16 of 26 passes for 243 yards and two touchdowns. Northwestern, currently ranked the top team in the nation, is shooting for its first Big Ten title in 26 years, but still has to face bruisers Wisconsin and Michigan State.

Wisconsin warmed up for its Saturday clash with the Wildcats with a 34-12 rout of Michigan. Michigan State fell before Minnesota 28-7 in one of the conference shockers. Iowa eliminated defending champion Ohio State from ti-

Ragan Is Winner Of Beaumont Test

BEAUMONT, Tex. (AP)—Dave Ragan put his second shot 18 inches from the pin on the 16th hole and won his second tournament in a seven-year golfing career—the \$20,000 Beaumont Invitational.

It was this shot plus a hook by Lionel Hebert on the same hole that proved the turning point Sunday in a tournament that saw Ragan finish with a 2-under-par 70 for 72-hole score of 283 and \$2,800 first money.

the consideration 28-14 and Illinois snapped a 15-game losing string, 14-10, at the expense of Purdue.

The upsets, which included Florida's 22-3 rout of previously unbeaten Auburn, left only six major teams on the unbeaten, untied list: Northwestern, Southern California, Dartmouth, Mississippi, Alabama and Ohio University.

Georgia Tech, still in the running in the South, got a touchdown and two field goals from Billy Lothridge in a 20-9 triumph over Duke. Oregon State edged Washington State 18-12 in one of the key Far West games.

Lady Drivers Win Argentine Grand Prix

BUENOS AIRES (AP)—A pair of pretty Swedish blondes, Ewy Rosquist and Ursula Wirth, have left a trail of broken records and crushed male egos in Argentina with a stunning victory in the 11-day, 2,762-mile Argentine Grand Prix for standard cars.

Lakers Back On Road to Cage Wins

By THE ASSOCIATED PRESS

Boston Celtic Coach Red Auerbach was talking about the Los Angeles Lakers.

"I know just how they feel," Auerbach said a few days back when the Lakers were struggling along with a 1-4 record. "The same thing is happening to them that happened to us for years."

"They're opening on the road. Everywhere they go, it's the opening game for the home team, they're higher than kites and just aren't going to get beat."

"They'll (the Lakers) be OK. They're too good a team to keep losing."

And the Lakers, now happily back at home in the Sports Arena, upheld his prediction, winning their fourth straight National Basketball Association game Sunday night, a 125-106 decision over the hapless New York Knicks. It was the only game scheduled in the league.

In Saturday night action, the Celtics whipped winless Detroit 125-114, Los Angeles beat San Francisco 127-115, Syracuse defeated Cincinnati 130-111 and St. Louis edged Chicago 114-109.

Here Is How Top Ten Fared

By THE ASSOCIATED PRESS

Here's the way the nation's top ten college football teams fared in Saturday games:

1. Northwestern (6-0) beat Indiana 26-21.
2. Alabama (7-0) beat Mississippi State 20-0.
3. Southern California (6-0) beat Washington 14-0.
4. Louisiana State (5-1) lost to Mississippi 15-7.
5. Texas (6-0) beat Southern Methodist 6-0.
6. Mississippi (6-0) beat Louisiana State 15-7.
7. Michigan State (4-2) lost to Minnesota 28-7.
8. Arkansas (6-1) beat Texas A&M 17-7.
9. Washington (4-1) lost to Southern California 14-0.
10. Auburn (5-1) lost to Florida 22-3.

Gene Mori, president of Garden State Park racetrack, is board chairman of Hialeah in Florida.

Packers Roll Toward First Perfect Season

Chicago Bears Fall As Green Bay Chalks Up Victory No. 8

By THE ASSOCIATED PRESS

The Green Bay Packers are rolling along toward the first perfect season in the National Football League since the Chicago Bears' mighty monsters of the Midway ran up an 11-0 mark back in 1942. There doesn't seem to be anyone around who is going to halt the Packers' blitz.

The defending NFL champions made the present-day edition of the Bears victim No. 8 Sunday as they won their 16th game in a row, 38-7. The string includes a victory in the last regular 1961 game, a resounding 37-0 championship victory over the New York Giants and six exhibition games this summer.

New York took over the top spot in the Eastern Conference with a shaky 31-28 victory over the St. Louis Cardinals and Washington dropped to second place by losing 38-10 to the Dallas Cowboys.

In other NFL action, the Lions defeated the Los Angeles Rams 12-3, Philadelphia and Cleveland played to a 14-14 tie, Pittsburgh rallied in the final seconds to beat Minnesota 39-31 and the Baltimore Colts defeated San Francisco 22-3.

The Packers' solved Chicago (4-4) in the second half with the combination of Bart Starr's passing and fullback Jim Taylor's running.

The Giants (6-2) outscored St. Louis (2-5) three touchdowns to two in a furious fourth period, with the winner coming with 3½ minutes left on Y. A. Tittle's 20-yard pass to Alex Webster.

Dallas (4-3) rotated quarterbacks Eddie LeBaron and Don Meredith in its first win ever over the Redskins (4-2) and each threw a pair of touchdown passes.

Pat Studditt, subbing for flanker Terry Barr, helped keep Detroit (6-2) vying for a Western title. Two twisting punt returns set up a touchdown, which he scored on a pass from Earl Morrall, and a field goal by Wayne Walker.

Frank Ryan filled in ably at quarterback for Cleveland (4-3), scoring once, gaining 85 yards rushing and another 119 passing. The Eagles' Bobby Walston missed a 41-yard field goal with only one second left that would have won for the Eagles.

Lou Michaels' third field goal and Dick Hoak's 18-yard run in the last 27 seconds beat back the Vikings (2-6) after Tom Christpherson's field goal had given Minnesota a 31-29 lead.

The Colts (4-4) broke open a tight ball game in the third period on Johnny Unitas' touchdown pass to Lenny Moore after leading only 5-3 at the half.

The Denver Broncos, dangerously close to being the worst team in the American Football League last year, are the new Western Conference leaders today because of an alert defense and a hurry-up halfback named Donnie Stone.

With the Broncos capitalizing on three San Diego errors and Stone crashing through for three touchdowns, the Colorado upstarts, who dropped 11 of 14 games last year, overcame the defending conference champion Chargers 23-20 at San Diego Sunday. It was the Broncos' seventh in nine games, and boosted them to the top of the West over Dallas.

The Texans fell a half game behind, losing a 14-6 decision to Houston in their own Cotton Bowl backyard after trouncing the Oilers 31-7 a week ago in Houston. It was the Texans' second defeat in eight games.

The Oilers' victory put them only a half game behind the Eastern Conference-leading Boston Patriots, who were held to a 28-28 tie by the last-place Bills in Buffalo Saturday night.

New York's Titans emerged from a last-place tie with Buffalo by beating winless Oakland 31-21 at the Polo Grounds in Sunday's other game. The Titans, with two straight victories, own a 4-5 record to Buffalo's 3-5-1.

Stone, a 24-year-old Arkansas U. alumnus, bulled over for Denver's first and second touchdowns, then scored the third and what proved to be the winning TD on a 13-yard pass from Frank Tripucka.

Tommy Davis of the Los Angeles Dodgers led National League hitters in 1962 with a .346 mark. He also paced the circuit in runs batted in with 153.

Buckeye Yo-Yo Falls Again, May Be Up against Indiana

By THE ASSOCIATED PRESS

Ohio State's win-one-lose-one Buckeyes followed form Saturday and lost their third game of the season; but, according to the same form, they should bounce back this Saturday with a victory over Indiana.

The Buckeyes not only lost a 28-14 decision to Iowa but they possibly lost the services of perhaps their top lineman and top back — center Billy Joe Armstrong and quarterback John Mummey.

Both were sidelined early in the Hawkeye tussle and they remain a question for the coming game with the Hoosiers.

Trailing 21-7 at the half, the Bucks took the kickoff and marched to a touchdown, held the Hawkeyes, and drove to the Iowa five where they fumbled. Then the Ohio scoring threat ended.

Elsewhere on Ohio's 26-game card Saturday, only seven conference games were played as most teams prepared for the final drive for loop championships.

In the classy Mid-American Conference, league-leading Ohio University remained unbeaten, crushing Marshall 35-0. In four Mid-Am games, the Bobcats have not had their goal line crossed. The big test, however, comes Saturday at Bowling Green.

The defending champion Falcons, beaten for the first time this year 23-7 at West Texas Saturday, have only a tie in MAC play to mar their record, and the battle will decide the champion.

In the other two Mid-Am games, preseason favorite Miami got back on the victory trail with a 21-12 decision over Toledo and Western Michigan toppled Kent State 19-6.

In the Ohio Conference, Marietta defeated Capital 29-28 for the Pioneers' first victory in 16 games. Their last triumph was two years ago — on the Capital gridiron.

Mount Union defeated Kenyon-out Heidelberg 14-0 in the only other Ohio Conference games.

Wittenberg defeated Gettysburg (Pa.) 27-6 in a non-league game.

The victory set the stage for the Ohio Conference's title game Saturday with Wittenberg going

Cleveland Glenville Harrier Is Honored

COLUMBUS, Ohio (AP)—James Gilbert of Cleveland Glenville reigns today as the state high school individual cross country champion and Amherst High School as the top team.

Gilbert won the individual crown Saturday at Ohio State with a time of 9:35.5 for the two-mile event.

Amherst earned the team title in the 35th high school meeting with 87 points, followed by Dayton Chaminade with 111, Euclid Brush 139, Cleveland John Alams 150, Lakewood 156 and Worthington 165.

Record Ohio Voter Turnout Expected at Polls Tuesday

By REED SMITH

COLUMBUS, Ohio (AP)—Ohio voters are expected to turn out Tuesday in record numbers for a non-presidential election year.

Higher than ever registrations, a super-heated gubernatorial campaign and state contests featuring famous Buckeye political names virtually assure eclipse of the 3.39 million mark set four years ago.

Proposed revision of a section in the Ohio Constitution regulating Sunday business also is up for decision statewide.

Major interest centers in the attempt of Republican State Auditor James A. Rhodes, former Columbus mayor, to unseat Gov. Michael V. DiSalle, incumbent Democrat and former Toledo mayor.

Campaigns of the standard bearers boiled into the home stretch with a continuing grand jury probe of alleged influence peddling in Ohio's liquor business and a DiSalle-demanded audit of the auditors purchase records for 25 adding machines. Two accounting firms said the purchases were in order.

President Kennedy, who credited DiSalle with an assist to the White House, visited Cleveland and Cincinnati to urge election of the governor and other Democrats, including members of Congress.

A 24th seat in the U. S. House, allotted to Ohio under the federal census, generated a statewide race for congressman-at-large between two name candidates. They are state Rep. Robert Taft Jr., son of the late U.S. Sen. Robert A. Taft, often called "Mr. Republican", and Richard D. Kennedy, Cleveland real estate man, a Democrat unrelated to the President and opposed to his

state rights views.

Up for election besides a governor and congressmen, are a U.S. senator, lieutenant governor, secretary of state, treasurer, attorney general, chief justice and two judges of the state supreme court, 19 of 33 state senators, all 137 state representatives, one commissioner and an auditor in each of Ohio's 88 counties, and a number of common pleas and county judges.

A total of 994 tax levies, 172 bond issues and 140 special issues also will be decided locally. The record high was 1,800 in 1960. Secretary of State Ted W. Brown geared his office for a count of about 3.8 million votes from Ohio's 14,036 polling places. He looks for the first returns within an hour after polls close at 6:30 p.m. They open at 6:30 a.m.

Approximately 140,000 persons will work in the election statewide, 150 of them in Brown's

Statehouse office. About 50 newspaper, radio and television reporters have made reservations with Brown to report returns.

The Associated Press will conduct its usual independent collection of Ohio returns for swift reports to member newspapers, radio and television stations.

Registered voters this year total 6,673,501 in the 47 counties requiring them to sign up. Thirty-four counties have complete registration and 13 others require it in various areas. All cities of 16,000 or more population require registration.

The previous registration high was 3,594,211 in 1960 when only 43 counties required it.

Brown estimates that another two million Ohioans in non-registration areas are eligible to vote by virtue of being 21 years old, residents of the state for a year and of their precinct for 40 days. That gives Ohio more than 5.6 million eligible voters.

Grand Jury

(Continued from Page 1)

officials (in Cleveland) that he was expecting to be able to announce the grand jury verdict during the debate (between Rhodes and DiSalle) on Saturday, beginning at 1 p.m.?

"Why did he (Rhodes) try to keep officials from handing the grand jury probe?"

"Where are the missing records bearing on the rental of adding machines and why are they missing if they are replaced?"

The grand jury, after 12 witnesses and 24 hours of testimony and deliberation over two days, returned its decision about 7:20 p.m. Saturday. The jurors are sworn to secrecy, but the forelady, Mrs. Ethel Tuttle, said the vote was taken on this question:

"Based on evidence you have heard of the rental purchase transactions about which testimony was given, does this constitute a violation of section 2921.14?"

County Prosecutor Earl Allison, who conducted the investigation, said the section deals with conspiracy to defraud the state.

Sunday, both Rhodes and DiSalle demanded apologies. Neither received them.

Cow Is Culprit In Knee Injury

A cow was the cause of injury for one person who received emergency treatment in Berger Hospital during the weekend. Three persons were treated and released. Richard Blaney, 216 Town St., fell Laura Lee Woodgear, 23, Route 1, Kingston, suffered an injury to her right knee when she was kicked by a cow.

Elizabeth Blaney, 5, daughter of Richard Blaney, 216 Town St., fell on the stairway at her home and lacerated her chin.

Tommie Haddox, 11, son of Mr. and Mrs. Herb Haddox, 327 Barnes Ave., injured his collarbone while playing football at the campgrounds.

FIGHTING IN INDIA NOW—This photo released by the government of India shows somber-looking Communist soldiers based in Tibet on the Indian border before invading.

FIREMEN PAINTERS—Fireman Donald Edgington gets some able assistance from Lt. Fred Howell (left) and Fireman Mike Brown (right) as he prepares to paint another ceiling strip at the city firehouse. Department personnel are in the process of giving the station interior a complete paint job. The city furnished the paint and the firemen are doing the brushing and rolling. (Staff Photo)

Important Military Post Lost by India to Red China

NEW DELHI (AP)—The Indian government announced today the loss of one of its most important military positions on the battle lines to the Chinese Communists.

The position at Daulet Beg Oldi, at the northern end of the line in Ladakh, was evacuated a few days ago, a Defense Ministry spokesman said.

Ladakh is at the western end of the Himalayan border.

The outpost at Daulet Beg Oldi was the center of a series of smaller posts, all of which fell earlier.

The Chinese have now crossed what they claim to be their border with India at one or two places and have driven beyond the disputed territory.

New Delhi officials think there are no chances now of a negotiated peace with the Chinese.

Prime Minister Nehru has demanded the Chinese withdraw to positions they held before Sept. 8 and has rejected proposals of a cease-fire and peace talks until they do. The Chinese offensive in both the northeast and northwest area of Ladakh was launched Oct. 20.

Nehru was reported preparing another reply to Soviet Premier Khrushchev to that effect.

But it appears here that the Chinese have no intention of going back to their Sept. 8 positions.

Khrushchev sent Nehru his pro-

posal for a cease-fire without conditions last Friday. A primary aim of the Soviet peace gesture appeared to be to get the conflict stopped before India fills out of its neutral alignment. A Pravda editorial warned India against "the intrigues of the imperialist camp" and also absolved Peiping of any aggressive intent.

Informants said Nehru would tell Khrushchev there could be a cease-fire and peace talks tomorrow if the Chinese pull back but that otherwise "there is no alternative left to us but to resist this attack whatever may be the cost or the consequences to us."

Repeating a previous Peiping turnaround of this demand, Chinese Premier Chou Enlai emphasized in a broadcast statement that the Chinese consider India the aggressor and will fight on to hold their gains.

A U.S. Air Force jet lift is now delivering a steady stream of weapons to the hard-pressed Indian army, which is bracing for an expected new thrust by the Chinese towards the plains if Assam in the northeast.

U.S. planes, arriving in Calcutta at the rate of one every three hours, are delivering 160 tons of infantry arms and mortars a day. Light British weapons also are being sent to India. Canadian arms have been promised.

Local Exhibits Scheduled for Chicago Show

Pickaway County is among the many Ohio counties that will be represented by exhibits at the 1962 International Livestock Exposition, to be held in Chicago from November 23 to December 1 in the International Amphitheater at the Chicago Stock Yards.

Becky Kinsell, Ashville, a 16-year-old 4-H girl, will exhibit a purebred Angus steer in the Exposition's junior classes in which 4-H and FFA members exhibit steers, lambs, and hogs they have raised as 4-H projects.

Her entry was the grand champion winner at the 1962 Pickaway County Fair.

The Chicago show will celebrate its 63rd anniversary as the country's leading stock show. Cash prizes of \$130,000 are offered in competitions featuring 37 different breeds of farm animals. Last and largest show of the year, it draws exhibitors of the country's top farm animals from more than 30 states and Canada.

Arthur Godfrey will appear with his famed performine Palomino, "Goldie" as the feature attraction at each of the 14 horse shows scheduled during the nine-day run of the Exposition.

ERVIN F. LEIST

Leist Named Director of Ohio AWWA

Ervin F. Leist, Circleville public utilities manager, has been named director of the Ohio Section of the American Water Works Assn.

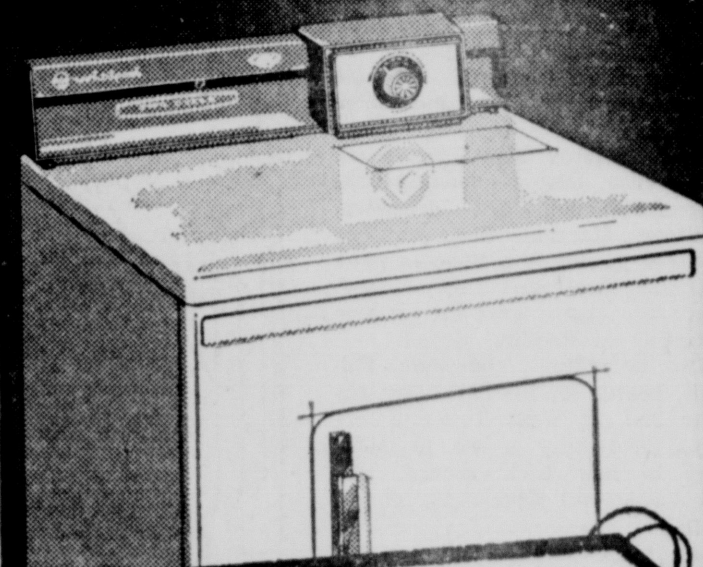

Leist was named during the association's convention in Cincinnati last week. He attended the three-day session.

The local director's term is for three years, beginning Jan. 1, 1963. He will represent the Ohio Section AWWA at meetings of the national office in New York.

Attending the Cincinnati meeting were more than 500 water works engineers, administrators, operators and managers from all sections of Ohio. Highlight of the conference was the attendance of Dr. Cornelius Biemond, director of municipal water supply, Amsterdam, Netherlands.

YOUNGEST LICENSED PILOT—Jean DeLano receives a pilot license in Green Bay, Wis., on his 16th birthday, and 16 being the minimum age for a license, he thus is the youngest in the nation. Awarding license is instructor Bev Butler.

ALL these EXTRAS COST YOU NOTHING!

- HOME DELIVERY
- CHARGE ACCOUNT
